

- Vir starters ou grote... 'n yskoue Germaanse bruisdrankie, daar vat hy! Op vlak drie!

• Die gewese Cheetah coach, Franco Smith, is aangewys as die hoofafrigter van Italië. Die begaafde rugga ghoeroe sal hopelik met baie genade die Azzuris weer op die wenpad kry. Nog 'n Suid-Afrikaner, Marius Goosen, sal Smith se assistent wees.

• Die Australiaanse Rugby Unie het aangekondig dat hulle ongeveer 5.5 miljoen dollar sal spaar deur 47 van die 142 voltydse poste vir eers op ys te sit. COVID-19 slaan orals hard toe ou grote.

• Nog steeds in Aussie land, die Western Force het

bevestig dat hulle wel deel van 'n plaaslike super kompetisie sal wees wat blykbaar in Julie die lig sal sien.

• Die Sunwolves sal egter nie soos aanvanklik beplan en gehoop is, aan die Aussies se reeks deelneem nie. So dan is dit dan nou ook die einde van 'n era vir die Japanese Wolwe.

• Daar word in die gange gefluister dat die SA Super-spanne dalk in 2023 in die PRO-14 Reeks gaan moet meeding. Die aanduidings dat SA nie meer welkom is in die Supereeks nie word onderskeidelik deur die Wallabie en Kiwi kapteins gedeel. Sam Cane en

Michael Hooper voel dat die vermoeiende reis aspek van die Supereeks net te veeleisend is.

• Die ander groot nuus is dat Argentinië se spelers die groen lig gekry het om in ander lande te gaan speel sonder enige teenkanting van die unie.

• Nog 'n Blou Bul het pad gevat... Divan Rossouw het oor die jukskei gestap om nou in die Leeukamp te gaan wei.

• By die Bulle het Jake nog 'n paar aanstellings gemaak wat die manne by die braai vergaderings nog baie besig gaan hou ou grote. White het vir Joey Mongalo aangestel as die verdedigings coach. Nollis

Marais gaan die afbreekpunte se lektor wees en Pienaar die tegniese adviseur. Russell Winter het nou baie maats om bra Jake by te staan.

• Dan is daar goeie nuus wat deurgekom het. Spelers mag terugkeer oefenveld toe maar sonder enige kontak. So hopelik sal daar dalk in Augustus plaaslik weer bal gespeel word.

• Veilig wees maats, en veral om ietsie koud te vat, en haal asseblief net die masker af as jy sluk Kwagga, want as jy mors word buurman nors. Hoe later hoe kwater...

Nag ou grote...

THE BUZZ AROUND TOWN

South Africa – World Bee Day on 20 May is an important day that raises awareness around our declining bee population and recognises how integral these pollinating powerhouses are to our planet's sustainability. Candide, the free community gardening App that connects gardeners, made a big buzz on the day by launching **#PolliNationSA**, a 10-month campaign that runs until March 2021. It aims to recruit a minimum of 100,000 South Africans to become bona fide bee protectors. How? It's as easy as A-Bee-C. All one needs is the Candide App and a pollinator-friendly plant. "There's no underestimating the importance of having a healthy bee population," explains Candide market lead Shani Krige. According to Candide, bees are pollinators of more than a third of all our food crops and about 90% of wildflowers and with the population of bees declining around the world, ensuring that they survive, thrive and flourish – is crucial. **The #PolliNationSA campaign really is for everybody and getting involved couldn't be simpler. Here's**

- how easy it is:**
1. If you're not already part of the Candide community, download the free Candide App, available on the Apple Store and Google Play Store.
 2. Snap a pic of a bee-friendly plant that you're growing in your garden, on your stoep, windowsill or balcony. Bee-friendly plants and flowers include Aloe, Vygies, Clivia, Daisies, Protea, and Rosemary. Candide's got loads of information on pollinator-friendly plants – you may also want to consider more than one plant to ensure there's something in bloom for the bees throughout the year.
 3. Share the pic on the Candide app using the hashtag **#PolliNationSA**.
 4. Once posted, you'll receive a **#PolliNationSA** icon that will be added to your Candide profile pic confirming your pollinator status.
- "With **#PolliNationSA** we're hoping to leverage off the existing awareness and provide an opportunity for everyone to get involved in something truly worthy", concluded Krige.

- Did you know?
- Honeybees communicate with one another by dancing.
 - The queen bee can live up to five years and is the only bee that lays eggs. She is the busiest in the summer months when the hive needs to be at its maximum strength and lays up to 2,500 eggs per day.
 - Honey has always been highly regarded as medicine. It is thought to help with everything from sore throats and digestive disorders to skin problems and hay fever.
 - The honeybee is the only insect that produces food eaten by man.
 - When a bee finds a good source of nectar, it flies back to the hive and shows its friends where the nectar source is by doing a dance which positions the flower in relation to the sun and hive. This is known as the 'waggle dance'.

The Municipality may withdraw such equipment at any time should the Municipality need it elsewhere.
Note:
1. The time is calculated from arrival to departure
2. Utilisation cost includes cost of personnel and equipment
3. A single tariff per vehicle per hour is charged.
Utilisation of material
The tariff for material used is cost plus a surcharge of 15%. Provided that in respect of material for which the Municipality has determined a tariff, that tariff shall apply in accordance with Section 14 (urgent cases) Fire Brigade Services (Act 99 of 1977)
Renting out of equipment outside the jurisdiction area of the Municipality
The tariffs as set out in this Annexure plus a surcharge of 50%.
C. ADJUSTMENT IN FEES PAYABLE TO THE SERVICE AS CONTEMPLATED IN CLAUSES A AND B OF THIS ANNEXURE
The Service must ensure that all fees referred to in clauses A and B of this Annexure are adjusted to keep trend with inflation according to the Consumer Price Index (CPI).
GENERAL DIRECTIVES FOR THE PAYMENT OF THE ABOVE FEES
1. All certificates of registration, certificates of fitness and/or spraying permits will be valid for twelve (12) calendar months. A written application for the renewal of the certificate or permit must reach the Service at least one calendar month prior to the expiry thereof.
2. When application is made for registration, the appropriate application form, correctly completed in full, must be accompanied by the prescribed fees.
3. All the appropriate application forms are available from the Service and must be completed in full and, where applicable, be duly signed.
4. If, for whatever reason, the Service rejects an application for any certificate of registration, certificate of fitness or any permit, the applicant must, within 14 days (excluding weekends and public holidays) of the date of rejection, take corrective steps to ensure that the document in question is issued at no additional cost, failing which the applicant must pay the prescribed fees again.
5. (a) The tariff for premises that are liable to registration in respect of paragraph 1(2) or (3), or a combination of them, will be a single fee of R700,00, irrespective of the combination of items:
Provided that such combination applies to one premises and is under the same control.
(b) If there are different divisions and/or affiliates within a business and/or company situated on the same premises but each division and/or affiliate is managed separately, each division and/or affiliate is liable to registration separately.
i. All monies are payable in advance.
ii. All fees are also applicable to Council.
6. All relevant application forms are available at the Emergency Services Department (Fire Brigade Services) and must be completed in full and where applicable, signed properly.
7. If certificates and/or spray/transport permits are refused, the applicant must take remedial steps within 14 days in order for the re-inspection to be free of charge and to ensure the issuing of the relevant registration certificate or permit. Failing this, the prescribed tariffs will again be payable in full.
Restoration of lapsed certificate (each year certificate has not been renewed) R700, 00 (including VAT) plus current year registration fee
