Thabazimbi – Each year from late September to November, Jacaranda trees drape the lovely town of Thabazimbi.

Although Pretoria is known as 'Jacaranda City', the purple blossoms against the beautiful mountains surrounding Thabazimbi creates a tranquil picture. This familiar and magnificent view is etched into the hearts of the Thabazimbi community. Jacarandas are indigenous to South America, but their history in South Africa can be traced back to as early as 1880 when they were imported from Argentina and Brazil. Although you are not allowed to plant a new Jacaranda tree because it is an invasive tree, the established Jacarandas have stood their ground in Thabazimbi and will continue to embrace the town with their purple blossoms.

RAINBOW KIDS – LEARN, LAUGH, PLAY!

Northam – Rainbow Kids Pre-Primary celebrated World Teachers' Day on Monday 5 October. Teaching is not just a job – it is a calling. At Rainbow Kids, they know that a child's educational roots start at a very young age. To ground the roots, they focus on the child's physical, emotional, social, and developmental skills and they believe in learning through play. They accommodate children from three to five years old. They also have a Grade-R class and a teacher that works with children over the age of 10. For more information contact 079 918 9959.

RAISING AWARENESS ABOUT BREAST CANCER

Rustenburg – Tunisi Programme is a company based in Phokeng, specialising in developing the youth to help them become responsible and successful members of the community.

Tunisi's team of healthcare workers conducted local research to understand the core challenges regarding breast cancer awareness in our local communities and found that late diagnoses remains the biggest challenge – especially in the disadvantaged communities. Joining hands with Maemo Motors, they will raise breast cancer awareness.

Breast cancer is the most common cancer in the South African female population and accounts for most cancer-related deaths in females. Early detection, especially through robust screening programmes can drastically change this reality.

- To encourage breast self-examinations and emphasise the importance of good health-seeking behaviour.
 - To positively influence the rate of early detection of breast cancer.
 - To contribute to an improved and convenient healthcare system for breast cancer patient management in the public healthcare system.
- Tunisi Programme and Maemo Motors would like to invite companies to donate towards this initiative that aims to help save lives. Your donation will secure a spot for your company's logo on a Mitsubishi Pajero Sport that was sponsored by Maemo Motors. The Pajero will be travelling in an around Rustenburg as well as other areas in North West to ensure maximum exposure to the companies supporting this initiative.

THE OBJECTIVE OF THIS PROJECT

- To raise awareness about breast cancer in the local communities.
- Educate members of the community about breast cancer.

For more information contact Tunisi Programme Founder and Chief Executive Officer (CEO) Kelebogile Legari on 074 437 1675 or founder@tunisi.org.in or visit their website at <https://www.tunisi.org.in/>.
