# A win for local service delivery

**Thabazimbi** – PPC Dwaalboom boosted the service delivery capacity of the Thabazimbi Local Municipality (TLM) on Tuesday 14 September by donating a front-end loader and five skip bins to them.

This donation could not have come at a better time. The municipality was crippled by previous administrations and is well on its way to recovery. Much needed equipment like this front-end loader and bins will help them to manage their waste sites more effectively. TLM mayor councillor John Fischer, councillors Sanny Ndlovu, Tokkie Swanepoel, PPC general manager (GM) Fortune Mashimbye and inland business unit head Bheki Mthembu were present during the handover. Acknowledging this enormous gesture, councillor Fischer said: “We want to ensure that our communities live in a clean and healthy environment. This equipment will be

utilised to improve our service delivery. Illegal dumping must also be addressed without further delay.” The relationship between TLM and PPC’s Dwaalboom operations comes a long way and is strengthened by the huge role PPC plays in supporting the municipality to better serve our community. In August 2020, PPC donated a cherry picker and also assisted the municipality in repairing transformers at its mini substations. Thanks to PPC, new electrical motor control panels were also installed at Thabazimbi’s water pump station. Inland business unit head at PPC Bheki Mthembu said that PPC would always explore ways of assisting the municipality to fulfil its service delivery mandate. He said:

“At the core of everything we do, PPC exists to empower people to experience a better quality of life. And it is through projects like these that we continue to deliver on our purpose. We have opted to choose this particular project as it aligns with our strategic objectives of reducing our overall carbon footprint by working with others towards a cleaner environment.” Mashimbye, who echoed similar sentiments, underscored how the waste management equipment would help to preserve the environment. “The Thabazimbi community is our partner and neighbour, so we need to safeguard their livelihoods from an environmental management, health and safety point of view.”

**PPC GM Fortune Mashimbye says their partnership with TLM has come a long way and bears fruit.**

## Implementation of routine road maintenance...

Good progress has been made on the implementation of the routine road maintenance (RRM) project in Moses Kotane Local Municipality, the South African National Roads Agency SOC Limited (SANRAL) said during its flagship ‘Taking SANRAL to the People’ stakeholder engagement session recently. “The routine maintenance is for three roads, the R510 national road from Rustenburg to the Limpopo border, R556 national road from R510 intersection to R565 intersection, and R565 national road from Rustenburg to R556 intersection,” said Fulufhelo Luruli, SANRAL Northern Region project manager. The roads agency confirmed that Shonisani Rambau Construction was appointed as the contractor in November 2020.

Sewage flowing into the property of a Northam resident.

Community members used buckets to empty the overflowing manholes.

**Northam** – The manholes along the R510 started overflowing, indicating a blockage in the system – with sewage flowing into the yards of several Northam residents.

This has been an ongoing problem and on Monday 13 September the fed-up residents affected by the stench could not stand it any longer. They rolled up their sleeves and used buckets to empty the manholes themselves. “The municipality has failed us; we have reported the issue to our councillor, but nothing is being done. The water is not flowing because there is no pump. This is disgusting and a serious health risk,” a community member said. This problem will not resolve itself and it is not the residents’ responsibility, something must be done to prevent this from happening again.

## NOTICE OF ENVIRONMENTAL PROCESS TO BE CONDUCTED AND RELATED PUBLIC PARTICIPATION PROCESS: PPC CEMENT SA (PTY) LTD: DWAALBOOM OPERATIONS APPLICATION FOR A WATER USE LICENSE

### PROJECT BACKGROUND AND LOCALITY:

PPC Cement SA (Pty) Ltd currently operates its existing Dwaalboom operations on Portions 0(RE), 1, 2 & 4 of the Farm Schoongezicht 238 KP, Portions 0(RE), 1, 2, 3 & 4 of the Farm Jakhalskraal 239 KP and Portions 3, 5, 6 & 7 of the Farm Gansvley 240 KP, Limpopo Province. Situated approximately 10 km south of Dwaalboom via the Holfontein Northam Route, the PPC Dwaalboom operations fall within the jurisdiction of the Thabazimbi Local Municipality and the Waterberg District Municipality.

Dwaalboom is an open cast limestone, lava and shale mine with an associated clinker and cement manufacturing plant. Open cast mining takes place using traditional drilling and blasting, hauling and crushing techniques. The crushed limestone and lava form the bulk of the raw materials required for the clinker and cement manufacturing. Both clinker and cement are distributed from Dwaalboom. The cement (~ 850 000 tons per annum) is sold into the Southern African market (mainly northern provinces of South Africa) and the clinker (~ 1.8 million tons per annum) is transported by rail to the PPC Hercules and Jupiter plants, located in Gauteng, for additional grinding into cement. The construction of the cement plant originally began in the early 1980's which resulted in the commissioning of the plant in 1985. During the original construction phase there was a reduction in the demand for cement resulting in the plant been delayed shortly after commissioning. The plant remained mothballed until 1996 when the demand for cement had risen to justify the re-commissioning of the plant. Full scale production from the first kiln was achieved in July 1996. The original plant was built with the capacity to expand through the addition of a new kiln line. In September 2008 a second kiln line for the cement plant was commissioned into production.

The Dwaalboom mining licence (ML2/95) was granted over the farms Schoongezicht 238 KP, Jakhalskraal 239 KP and Gansvley 240 KP for limestone, lava, shale and other minerals required for cement manufacturing which licence was submitted for the conversion as required by the Minerals and Petroleum Resources Development Act, 28 of 2002 (MPRDA) in 2010, and subsequently approved in 2014. The converted mining right (Ref.: LP30/5/1/2/2/51MCR) authorises the removal of limestone, shale, lava and other minerals required for cement manufacturing. The Mining Right was granted for a period of thirty years, commencing on 26 February 2014 and, unless cancelled or suspended in terms of clause 13 of the right and/or Section 47 of the Mineral and Petroleum Resources Development Act (MPRDA), 2002 (Act No. 28 of 2002), will continue to be in force until 25 February 2044. PPC Dwaalboom furthermore has a Waste Management Licence (Licence Number: 12/9/11/L308/5/A1/R1) and an Air Emission Licence (Licence Number: 12/4/12L-W7/A5) which permit the burning of certain waste materials as energy sources for cement production.

### APPLICATION PROCESS:

The existing activities require a Water Use License by means of a Water Use License Application (WULA) in terms of the National Water Act (NWA), 1998 (Act No. 36 of 1998) for water uses listed under Section 21 of the Act. The methodology and procedural requirements as set out in GNR 267 of 24 March 2017, promulgated in terms of the NWA, will be followed.

Anticipated water uses in need of licensing include the following:

- Section 21(a) – taking water from a water resource;
- Section 21(b) – storing water;
- Section 21(c) – impeding or diverting the flow of water in a watercourse;
- Section 21(e) – engaging in a controlled activity;
- Section 21(g) – disposing of waste in a manner which may detrimentally impact on a water resource;
- Section 21(i) – altering the bed, banks, course, or characteristics of a watercourse; and
- Section 21(j) – removing, discharging or disposing of water found underground if it is necessary for the efficient continuation of an activity or for the safety of people.

Note: anticipated water uses as described above may be revised once additional project details become available.

### NOTICE OF PUBLIC PARTICIPATION PROCESS FOR AZARIA GAME BREEDERS (PTY) LTD T/A AZARIA SAFARIS: SECTION 24G APPLICATION FOR THE UNLAWFUL CLEARANCE OF VEGETATION, FOUNDATION PREPARATIONS AND CONSTRUCTION OF INFRASTRUCTURE ON PORTION 30 OF THE FARM GROENRIVIER 95 KQ, LIMPOPO PROVINCE

### NOTICE OF ENVIRONMENTAL PROCESS TO BE CONDUCTED:

Notice is hereby given in terms of the National Environmental Management Act (NEMA), 1998 (Act No. 107 of 1998), as amended, read with the Environmental Impact Assessment Regulations (Government Notice (GN) No. R.982 of 4 December 2014, as amended) and the Regulations relating to the procedure to be followed and criteria to be considered when determining an appropriate fine in terms of Section 24G (GN No. R.698 of 20 July 2017) that Azaria Game Breeders (Pty) Ltd T/A Azaria Safaris proposes to lodge an application for an ex post facto Environmental Authorisation for the unlawful commencement of activities listed in GN No. R.983 of 4 December 2014, as amended (Listing Notice 1) and GN No. R.985 of 4 December 2014, as amended (Listing Notice 3).

### PROJECT BACKGROUND & LOCALITY:

The applicant has constructed and is currently operating a layer chicken housing unit (1 385 m<sup>2</sup>) and egg packaging facility (375 m<sup>2</sup>) on Portion 30 of the Farm Groenrivier 95 KQ, situated between Honingvley and Groenvlei on the R510 Route, approximately 42 km north of Thabazimbi in the Thabazimbi Local Municipality, Limpopo Province. Construction of the layer chicken housing unit and the egg packaging facility commenced and was completed in 2019. Further to the above, the applicant has cleared vegetation and prepared the foundations for an additional 6 layer chicken housing units and feed storage building. The vegetation clearance and foundation preparations commenced in 2021. The area on which the existing layer chicken housing unit and planned units are located has been fenced. Adjacent to the fenced area vegetation has been cleared in preparation for the construction of a feed storage facility (250 m<sup>2</sup>). The existing chicken housing unit has a maximum capacity of 30 000 chickens. The additional proposed housing units will each house 40 000 chickens per housing unit. Thus, the seven housing units (both existing and planned) will house a combined total of 270 000 layer chickens. The total disturbed footprint of the project is approximately 1.5 ha.

### NEMA ACTIVITIES TRIGGERED:

- GN No. R.983 Activity 5(ii): A layer chicken housing unit has been constructed which houses up to 30 000 chickens.
- GN No. R.983 Activity 27: An area of approximately 1.5 ha has been cleared of indigenous vegetation for the construction of a layer chicken housing unit and egg packaging facility, as well as to prepare the foundations for an additional 6 chicken housing units and feed storage building.
- GN No. R.985 Activity 12(ii): An area of approximately 1.5 ha has been cleared of indigenous vegetation for the construction of a layer chicken housing unit and egg packaging facility, as well as to prepare the foundations for an additional 6 chicken housing units and feed storage building. The area is located in a critical biodiversity areas (CBA1), as designated by the Limpopo Conservation Plan.

**Thabazimbi** – Baie geluk aan Laerskool Thabazimbi se o/10 krieketspan wat op Donderdag 2 September teen Laerskool Koedoeskop en op 14 September teen Warmbad hul wedstryde gewen het. ‘n Spesiale gelukwensing aan Dandries Verster wat uitgeblink het in beide wedstryde. In die wedstryd teen Koedoeskop slaan hy 47 nie-uit-nie en neem drie paaltjies. Hy staan 11 lopies af in vyf beurte. In die wedstryd teen Laerskool Warmbad slaan hy 52 lopies nie-uit-nie en met die bal in hand neem hy vyf paaltjies vir slegs 20 lopies in vyf beurte.

# Local model embraces charity work

**Thabazimbi** – Tebogo Nkoana, a semi-finalist in the Mrs Universe Africa 2021 pageant, said the competition has created an ideal platform for her to assist needy people from Thabazimbi. Nkoana, who is a veterinary student at Medivet Dieriekliniek in Thabazimbi, said taking part in the prestigious competition has developed and strengthened her character. She said the pageant has also opened doors of opportunity for her to make a positive impact in the lives of disadvantaged children and elderly people living in Thabazimbi. “My journey so far has been amazing, being part of such an incredible platform has taught me a lot about myself,” Tebogo told *Platinum Bushvelder*. “Mrs Universe Africa is more than just a pageant. It is a woman empowerment platform, which encourages women to believe in themselves so that they are able to achieve anything they aim to achieve.” Said Nkoana: “I am currently running a clean your closet charity drive for Thabang Children and Youth Care Centre, which is based here in Thabazimbi, I collect used clothes for kids and adults.” **For more information, contact Tebogo Nkoana on 071 084 5979 or drop her an email on nkoanatw@gmail.com.**

THABAZIMBI WEDVLUGDUIWE

**Thabazimbi** – Daar sal altyd vrae op die lippe wees van mense wat duiwe vlieg. Een van die vrae sal dan ook wees... “Waardeur moet hierdie klein, fenomenale vlieërs werk vanaf loslatingspunt tot by die huis?” Dit was verseker een van die vrae op my lippe met die laaste wedvlug van die 2021 seisoen waar moeë duiwe met soveel passie oor die landingsbord geland het, tuis na meer as 700km. Baie geluk aan AD Erasmus en Seun en Pieter Ferreira met die laaste wenne van die seisoen en ook dan ‘n groot gelukwensing aan AD Erasmus en Seun wat ter elfder ure naelskraap die titel van Klubkampioen verower het.

NOTICE IS HEREBY GIVEN IN TERMS OF THE NATIONAL ENVIRONMENTAL MANAGEMENT ACT (ACT NO. 107 OF 1998) (NEMA) AND THE MINERAL AND PETROLEUM RESOURCES DEVELOPMENT ACT (ACT NO. 28 OF 2002) FOR AN APPLICATION FOR ENVIRONMENTAL AUTHORISATION

**PROJECT OVERVIEW**

Gibb, Bigen and Nyeleti Consulting Joint Venture (GBN-JV) was appointed by the Trans-Caledon Tunnel Authority (TCTA), to undertake the detailed design of the Mokolo and Crocodile Water Augmentation Project (MCWAP2). Phase 2 of the project includes the development of a 160km long water pipeline conveyance system from the town of Thabazimbi to Lephalale in Limpopo Province. The aim of the project is to augment Lephalale’s water supply and supply water to Eskom, Exxaro’s Grootegeluk Mine and other end users.

Construction and bedding material are required for the pipeline and for temporary construction of access roads. Materials will be sourced from seven (7) borrow pits between Thabazimbi and Lephalale in proximity to the pipeline route i.e. Borrow Pit B (Portions 1 and 2 of Mooivalei), D (Portion 7 of Paarl 124), E (Portion 2 of Diepkuil 135), F Alternative (Portion 7 of Ruigtevley 97), G (Portion 5 of Ruigtevley 97), H (Portion 15 of Haarlem Oost) and J (Portion 1 of Zandnek 358).

The borrow pits trigger activities contained in Listing Notice 1 and 3 of the National Environmental Management Act (NEMA) (Act No. 107 of 1998), therefore will be subjected to a Basic Assessment Process in accordance with the NEMA EIA Regulations 2014, as amended.

**REVIEW OF THE DRAFT BASIC ASSESSMENT REPORTS**

Interested and Affected Parties (I&AP’s) are hereby invited to register and/or comment on the Draft Basic Assessment Reports (DBAR) for the above mentioned project. The public review period will commence on **22 September 2021 to 23 October 2021 (inclusive)**. The DBARs are available for comment at the following locations:

Have your say / Sê jou sê

Do you make an effort to develop yourself?

Self-development is very important... but sometimes life gets in the way. It takes self-discipline and determination. It is something you have to actively strive for every day.

Yes, I do, but sometimes things don't work out the way you want it to. So, you have to sit back and re-evaluate the situation to get things back on track.  
**Candice Whiteman**

Yes, everyday I try to be a better person and to make a difference in the lives of the people around me.

PSALM 51 VERSE 1-10

<sup>1</sup>Have mercy upon me, O God, According to Your lovingkindness;According to the multitude of Your tender mercies, Blot out my transgressions. <sup>2</sup>Wash me thoroughly from my iniquity,And cleanse me from my sin. <sup>3</sup>For I acknowledge my transgressions, And my sin is always before me. <sup>4</sup>Against You, You only, have I sinned, And done this evil in Your sightThat You may be found just [a]when You speak, And blameless when You judge. <sup>5</sup>Behold, I was brought forth in iniquity, And in sin my mother conceived me. <sup>6</sup>Behold, You desire truth in the inward parts, And in the hidden part You will make me to know wisdom. <sup>7</sup>Purge me with hyssop, and I shall be clean; Wash me, and I shall be whiter than snow. <sup>8</sup>Make me hear joy and gladness, That the bones You have broken may rejoice. <sup>9</sup>Hide Your face from my sins, And blot out all my iniquities. <sup>10</sup>Create in me a clean heart, O God, And renew a steadfast spirit within me.

NEW KING JAMES VERSION (NKJV)

## Curriebeker Finaal 2021

### Bulls vs Sharks

Op Fort Loftus word daar geskiedenis gemaak ou grote... Eerstens is dit die eerste keer in geskiedenis dat een span die gesogte beker twee keer in een jaar wen. Natuurlik weens Covid-19, maar die rekordboeke word herskryf. Dan wat meer saak maak, is 'n rekord oorwinning van 44-10... dis die grootste telling ooit in 'n finale. Die Bulle het die Haaie behoorlik gegaffel en verniel, eintlik geboelie. Dit was 'n puik spanpoging en om spelers uit te sonder is moeilik. Onder die voorspelers het Marcell Coetzee, Elrigh Louw en Ruan Nortjé die pap dik aangemaak. Coetzee het ook as kaptein van voor af gelei met sy besielende spel en leierskap. Op loskakel het Chris Smit dalk sy beste *game* ooit gespeel. Daar was so baie bespiegel met die onttrekking van Johan Goosen, maar Smittie het nie teleurgestel nie. Aan sy binnekant het die Bulle se

skrummie, Zak Burger, puik spel opgelewer. Harold Vorster het op 12 geskitter en is ook beloon met 'n puik drie. Die lang en lenige heelagter David Kriel het ook die oog gevang met baie goeie spel. Jake White behaal sy 22ste agtereenvolgende oorwinning as *coach* op Loftus en wyle Oom Buurman sal nou weer vir ruk rustig kan wees.

Vir die Haaie – wat gelyk het of hulle katgriep gehad het – was dit 'n mislike lang aand op kantoor. Die Haaie sal 'n haas, of liewer 'n regte groot haai uit die swembad moet trek, as hulle nie wil verneder word in die komende United Rugby Championship reeks wat op 24 September afskop nie.

*Coach* Sean Everitt en sy makkers sal verseker nie deurslaap met die baba haaitjie nie. *Well done* Bulle! **Nag ou grote...**

## Northam Rhinos vs Harlequins

**Northam** – Die Northam Rhinos het op Saterdag 11 September teen die Harlequins te staan gekom. Die tweede en derde spanne spog albei met 'n wen teen die Harlequins maar die opponente kry die oorhand oor die eerste span en breek hulle wenstreek. Northam Rhinos se volgende wedstryd sal op 2 Oktober plaasvind wanneer hulle die Naka Bulle aandurf.

Northam Rhinos in 'n harde wedstryd teen die Harlequins.

## Rugby Kampioenskap 2021

### NZ vs Argentinië

Die All Blacks dis skitter-*ruggas* op wen 39-0 teen die Pumas. Vir die ou grote, Brodie Retallick, moes dit sekerlik een van sy beste dae ooit gewees het om vir die eerste keer as *cappie* sy maats tot 'n oortuigende oorwinning te lei. Die Pumas het nooit gaan lê nie en het tot op die einde moedig probeer en soos Trojane verdedig. Veral die eerste twintig minute het hulle die Kiwi's voos geduik. Maar ongelukkig wen jy nie toetsrugby met nê verdediging nie. Vir die Kiwi's het Beauden Barrett op loskakel weer getoon hoekom hy as een van die beste op die planeet beskou word ou groenes. Rieko loane het ook getoon hoe gevaarlik hy is op die aanval en verdediging. Vir die Pumas het hulle *cappie* en haker, Julián Montoya, werklik hard probeer en was vurig. Die Argentyne se *coach*, Mario Ledesma, was nie baie in sy noppies met die agtien strafkoppe wat sy span afgestaan het nie. So ja, daar is baie werk wat wag in die Puma-kamp en sal hopelik in die vierde rondte punte op die telbord kan sit waar hulle weer teen die All Blacks moet uitdraf.

### Australië vs Suid-Afrika

Donker dag vir duisende SA *supporters* ou groenes... Die *Aussies* verras vriend en vyand en klop die Wêreld Kampioene 28-26. Drama, drama, drama!

Quade Cooper is sekerlik 'n naam wat enige Bok supporter vir eers nie wil hoor nie. Cooper is deur *Aussie coach* Dave Rennie ontbied en het die nommer 10 jersey aan hom toevertrou. Wat 'n groot suksesverhaal is dit nie met Cooper wat vier jaar laas vir die Aussies uitgedraf het in 'n toets nie? Die man van die oomblik teken 23 punte aan in sy terugkeer tot die internasionale arena. Hy toon BMT en in die 82ste minuut, klits hy komkommerkoel 'n moeilike strafskop deur die pale om die *Aussies* te laat wen.

Verslae ringkoppe het nie veel langs die braai te sê gehad nie maar wat wel 'n feit is... is dat die Bokke hard terug aarde toe gebring is. Van die senior spelers in die span en die *cappie* moet wragtig nou van die titel 'World Champions' vir eers moet vergeet en besef, as hulle nie baie gou 'n ander *attitude* ondergaan nie, sal hierdie toer baie lank en pynlik wees ou groenie. Daar sal altyd verskonings na 'n neerlaag wees en beslissings deur die *ref* sal natuurlik die hoofsaak wees, maar ongelukkig is daar 'n yskoue telbord wat in kort die verhaal van enige *game* vertel. Hoeveel keer is daar oor 'n *ref* gepraat na 'n oorwinning... mmm...? Die Bokke speel weer teen die Aussies eerskomende Saterdag in rondte vier. Daar is baie keer gesê 'n gewonde Bok is gevaarlik, hopelik met horings en trots ja! **Nag ou groene...**
