TO EVERY THING THERE IS A SEASON

Thabazimbi – Several people shared their opinion about the planned cut down of the apiesdoring (monkey-thorn) tree close to Ben Alberts on the R510. Some came up with alternative suggestions to try and save the tree, while others strongly said that it is a no-brainer. “The tree is in the way of a development which would make the roads much safer.”

The tree is a landmark in the area and has its own unique part in the memories of our community. The popular Thabazimbi Apiesdoring Karnaval is testament to the tree being part of Thabazimbi's culture.

Many moons ago, when it was still safe to do so, people pulled over at the tree to have a cup of coffee. Apparently, our mayor Tokkie Swanepoel also tried to save the tree from being cut down and a petition was started by interested parties.

Says Peet van Breda, “It would be interesting to know how old the tree is, if they cut it down, I would like to count the rings to determine its age.”

Project manager for SANRAL, Alan Agaienz told *Platinum Bushvelder*: “We are widening the road and the tree is directly in the path.”

This beautiful landmark has served its purpose in its time. But to every thing there is a season, a time to plant, and a time to pluck up which is planted.

The apiesdoring is a very hardy fast-growing tree and can reach a height of 25 to 30 metres. It gives lots of shade in the summer and loses its leaves in the winter. Monkeys like taking cover in the branches and eating its seed pods... therefore, the name.

Vodacom's virtual classrooms to accelerate digital inclusion in SA schools

On 17 March, a handover ceremony was held at Hlavuka High School in Shitachi Village, Limpopo, to mark the transfer of the hardware installed at the school.

Limpopo – The Minister of Communication and Digital Technologies (DCDT) issued directions in the *Government Gazette No. 43164 published on 26 March 2020*. The purpose of the temporary spectrum assignments was to alleviate network challenges, ease congestion, and ensure good quality of service for consumers during the Covid-19 pandemic. The obligations provided licensees with access to a high-demand spectrum to make available connectivity to schools with a minimum speed of 10 Mbps to support virtual teaching during the Covid-19 national disaster. The basic education sector agreed that the schools should be provided with a turnkey solution. Therefore, 17 schools were selected in the 8 NHI Districts to pilot the virtual classroom solution. Vodacom was allocated six schools in three provinces, namely Limpopo, Northern Cape and KwaZulu Natal to implement the Virtual Classroom Solution.

On 17 March, a handover ceremony was held at Hlavuka High School in Shitachi Village, Limpopo, to mark the transfer of the hardware installed at the school to deliver Wi-Fi over a secure cloud-based SD-WAN network. Driven by its purpose to connect for a better future, Vodacom Group, in partnership with the Department of Basic Education (DBE), has installed its Virtual Classroom Solution at various schools in rural areas across three provinces in the country. To enable connectivity remotely for the educators and learners, Vodacom has provided a monthly 10G data bundle plus SIM for the learners and a 20G monthly data bundle with a SIM and MiFi router for the educators. Vodacom also delivered broadcasting and streaming hardware, as well as devices for learners and educators. While educator training will be provided by Vodacom, the DBE will oversee progress at the schools and further entrench digital learning opportunities for them.

The Virtual Classroom Solution forms part of Vodacom's larger Connected Education platform, which was created to transform the education sector by leveraging the power of technology to bridge the digital divide in schools. Launched in 2020 in partnership with Microsoft South Africa, the platform is a single educational space where learners can connect with their teachers and access productivity apps like Teams, OneNote, Outlook, Word, PowerPoint, and Excel. A total of 101 laptops were supplied to educators, with 1,360 laptops donated to Grade 12 learners across the schools. Vodacom also provisioned an additional 437 laptops so that the schools can install these in centrally accessible libraries, giving Grade 10 and 11 learners a chance to familiarise themselves with the digital devices and applications, ahead of being issued with their own device when they reach Grade 12. Each laptop came with its own bag, and secure safes were installed on the schools' premises for device storage. "At Vodacom, we are driven by our purpose to connect for a better future and democratising access to connectivity is an essential step in helping the education sector overcome barriers to inclusive digital access. We believe it is very important for all our learners to have equal access to online education through solutions such as the Virtual Classroom. We remain committed to the digital transformation journey of education in South Africa and firmly believe that through solutions such as these, we are investing in the long-term economic growth and prosperity of our country," says Simoes Miguel, managing executive for Vodacom Limpopo. The Covid-19 pandemic highlighted the digital divide that already existed in South Africa's education system. Vodacom's

e-School digital education platform, which is a free unlimited online education portal that provides educational content for learners in grades R to 12, has supported more than 1.25 million South African learners to date. While device and data affordability, connectivity, and basic digital literacy are some of the obstacles preventing democratised digital-education access, the Virtual Classroom Solution, offered in partnership with the DBE, is set to accelerate digital-education access and inclusion in SA schools.

Placing an obituary

Announcing the death of a family member is a time-honoured tradition as life should be celebrated and never forgotten. To help you to celebrate the life of your loved one and share details about the upcoming funeral, place an obituary in our newspaper, free of charge. You can include the date of death, details about their life and surviving family members. You can also write a special message, a poem or a prayer. Please include a photo and the date, time and place of the memorial service.

If you would like to place an obituary in *Platinum Weekly / Platinum Bushvelder*, send the information via WhatsApp to 072 482 6871 or email news@platinumweekly.co.za / news@platinumbushvelder.co.za.

SIYANDA BAKGATLA PLATINUM MINE (SBPM): BASIC ASSESSMENT PROCESS IN SUPPORT OF AN APPLICATION FOR ENVIRONMENTAL AUTHORISATION FOR THE NEW OPENCAST PIT IN SWARTKLIP, WITHIN THABAZIMBI LOCAL MUNICIPALITY, NEAR THE BORDERS OF LIMPOPO AND NORTH-WEST PROVINCES

INVITATION TO REGISTER AS AN INTERESTED AND AFFECTED PARTY, AND COMMENT ON THE DRAFT BASIC ASSESSMENT REPORT

Siyanda Bakgatla Platinum Mine (Pty) Ltd – Union Mine (SBPM) proposes to undertake several developments on its approved mining rights footprint, to extend the current life of mine and ensure the sustainability of its mining operations. One of these is the proposed development of a new opencast pit, referred to as the New Pit, within the existing Mining Right area. The proposed mining footprint is largely covered by infrastructure or land that has been previously mined and rehabilitated. The proposed New Pit and its associated infrastructure will be located on the remaining extent of Portion 2 of the Farm Zwartklip 405 KQ and on portion of portion 1 of the Farm Zwartklip 405 KQ, covering an extent of approximately 60 hectares. The implementation of the proposed project will require an Environmental Authorisation (EA) in terms of the National Environmental Management Act (Act 107 of 1998) (NEMA) to the mine's existing Environmental Management Programme (EMPr) in terms of the Mineral and Petroleum Resources Development Act (Act 28 of 2002) (MPRDA). A Basic Assessment (BA) process in terms of the EIA Regulations (GN R. 326, as amended) will need to be conducted in support of the applications for EA. Golder Associates (now a member of WSP) has been appointed as the independent environmental assessment practitioner (EAP) to undertake the BA process.

PUBLIC COMMENT INVITED

Stakeholders are invited to register as Interested and Affected Parties and to lodge written comments regarding the project. A background information document (BID) and registration and comment sheet is available on the following website: <https://www.golder.com/global-locations/africa/south-africa-public-documents/>. We would also like to draw I&APs' attention to the following comment period: The Draft Basic Assessment Report (DBAR) and EMPr will be available for comment from **25 March 2022 to 29 April 2022**. The reports will be available on the following website: <https://www.golder.com/global-locations/africa/south-africa-public-documents/>. Printed copies of the DBAR and EMPr will also be available at the public places listed below.

SIOC-CDT Board visits Northam Clinic. Staff nurse Ephenia Maswanganyi (left) and board member Tracey Henry on a walkabout at the newly built and equipped maternity ward for pre- and post-natal care.

SIOC-CDT reaches near completion on Thabazimbi infrastructure projects

Thabazimbi/ Northam – SIOC-CDT was established in 2006 by Sishen Iron Ore Company (SIOC) (Pty) Ltd to invest in the upliftment of the communities in which it operates.

In the Northern Cape and Limpopo, its ongoing primary objectives are the facilitation of quality healthcare and education services.

Post a recent needs assessment, the Thabazimbi Local Municipality has been a focus area with Northam Primary Health Care Clinic, Chrome Mine Primary School, Groenvlei Secondary School and Mabogopedi High School the recipients of major infrastructure investments by the trust.

Northam Clinic's maternity unit upgrade, funded by SIOC-cdt, is now complete. This upgrade benefits residents of Northam and surrounding areas – providing support to a population of approximately 18,000 people. This vital upgrade will be sustained by the Limpopo Provincial Department of Health who have also committed to assigning a maintenance budget and ensuring that this bigger capacity is adequately resourced.

Says nurse Maswanganye: "The facility is already doing wonders in alleviating the pressure, especially in our pre-natal and postnatal wards. The increase in the number of beds, because of the newly built wards, now enables us to cope to a far greater level."

Chrome Mine Primary School has been the recipient of structural upgrading and renovations for the benefit of its 958 learners. These upgrades and renovations consisted of the construction of five new classroom blocks and a new ablution facility block, installing electrical requirements and renovation of all its existing classrooms. Says Chrome Mine Primary School's N Seilane: "The upgrade and renovations provide conducive learning environments for our learners, and we hope to see the benefits in their academic performance in 2022".

Groenvlei Secondary School is also the recipient of an upgrade and renovation. This secondary school is a mix-boarding institution that caters for learners from surrounding farms in the area. Serving 258 learners, the critical upgrades are all designed to ensure that an optimum learning environment is provided. The new blocks of classrooms and ablution facilities have been handed over and are in use. The admin block, kitchen, second ablution

Are you a doomsday prepper?

You should always be prepared for emergencies... but are you prepared for the end of the world? Do you have cans of non-perishable food stored? If everything comes crashing down – will you be prepared?

Bianca Bronkhorst

Yes, I am. I believe that we need to prepare for the worst... But buying food in advance doesn't help, we use it up too fast! So, then I have to start all over again!

Kabelo Letswala

No, I have faith that the world isn't going to end, so I don't prep for it.

Mosquitoes prefer blondes to brunettes. Blondes may or may not have more fun, but studies do prove that blondes will get bit more often than brunettes.

block, pump house and water tanks are all in progress.

The multi-purpose hall being built by SIOC-cdt at Mabogopedi High School will have a capacity of more than 1,200 people that can be utilized by both the school and the surrounding community. This infrastructure will provide the school with a space to host educational, arts and cultural activities.

"We are looking forward to the completion of this hall as it will help us significantly as a school, providing a great environment from which we can also manage our matric examinations due to the high number of matriculants we have," says principal Manganyi.

Says SIOC-cdt chief executive officer Vusani Malie: "In a February board oversight tour of the infrastructure projects in the area, we were honoured to engage with many of the beneficiary stakeholders. These projects have been significant investments, with multiple contractors and labour opportunities being created, in addition to achieving our aims of providing access to healthcare and to premium education facilities."

POLL

Do you still write letters on paper?

There is just something about putting pen to paper. Receiving a letter written on paper is exciting and special. However, sending a message digitally is so much more convenient, quicker and still gets the message across.

Make yourself heard by sending an email to news@platinumbushvelder.co.za or a WhatsApp to 081 579 7000 with the following information before 17:00 on Tuesday 29 March:

- Yes, I still write letters on paper, or,
- No, I don't write letters on paper.
- The reason for your answer.
- A recent photo of yourself (optional) – that we can publish with your answer.
- Your contact details.

If you don't want your answers to be in the newspaper, just reply to the question: YES/ NO.

The results of the votes will be published in our next issue.

PSALM 5

A Prayer for Guidance

To the Chief Musician. With flutes.

A Psalm of David.

5 Give ear to my words, O Lord, Consider my meditation. 2 Give heed to the voice of my cry, My King and my God, For to You I will pray. 3 My voice You shall hear in the morning, O Lord; In the morning I will direct it to You, And I will look up. 4 For You are not a God who takes pleasure in wickedness, Nor shall evil dwell with You. 5 The boastful shall not stand in Your sight; You hate all workers of iniquity. 6 You shall destroy those who speak falsehood; The Lord abhors the bloodthirsty and deceitful man. 7 But as for me, I will come into Your house in the multitude of Your mercy; In fear of You I will worship toward Your holy temple. 8 Lead me, O Lord, in Your righteousness because of my enemies; Make Your way straight before my face. 9 For there is no faithfulness in their mouth; Their inward part is destruction; Their throat is an open tomb; They flatter with their tongue. 10 Pronounce them guilty, O God! Let them fall by their own counsels; Cast them out in the multitude of their transgressions, For they have rebelled against You. 11 But let all those rejoice who put their trust in You; Let them ever shout for joy, because You defend them; Let those also who love Your name Be joyful in You. 12 For You, O Lord, will bless the righteous; With favor You will surround him as with a shield.

Northam Rhinos het as oorwinnaars uit die stryd getree in hul wedstryd teen Tel Aviv Heat.

Northam Rhinos wen weer!

Setaria/ Northam – Northam Rhinos Rugby Klub het teen Tel Aviv Heat te staande gekom op hul tuisveld in Setaria op 19 Maart. Hulle klop hul opponente met 'n telling van 17-15 te danke aan Cecil Dumond se doelskop met tyd verstreke. Die doelskop is moontlik gemaak deur Kwezi Mhafu se tweede drie wat die skare eers op die punt van hul stoele gehad het, en toe met arms in die lug

van vreugde! Dit was maar naelskraap tydens die eerste ronde en Tel Aviv Heat het die Rhinos se verdediging goed ore aangesit. Gelukkig het die Rhinos vinnig 'n tweede asem geskep en in rondte twee die wedstryd in hul guns gedraai. Mhafu het gesorg vir twee drieë tydens die wedstryd en JT Cronjé het self ook 'n draai agter die doellyn gemaak.
