TAR CHARITY RUN

Members of Originals MCC at a recent get together. From left: Swearie Fouche (Macs), Phillip Janse van Rensburg (Macs), Johnny Griesel (Originals Thabazimbi's president), Pieter Smit (Originals Thabazimbi's vice president), Lukas Wilken (Originals' national president), Kallie Ludick (Originals Brits), Thys Smit (Warmbad's president), Middle Johan Rabie (Originals national vice president) Front: John-Henry Herbst (Ghost Riders).

Thabazimbi - The Originals motorcycle club (MCC) are having a fun charity run on 28 August to support the good work of Thabazimbi Animal Rescue (TAR). Tar feeds, houses and ensures that the animals in their care receive the necessary medical treatment. They take in puppies and adult strays and need all the support they can get. Looking after these animals until they are adopted, feeding them, paying the vet bills and paying for general expenses like petrol is a huge monthly financial burden. The Originals plea with the Thabazimbi community to open their hearts and their pockets to help them support this noble cause. The fun charity run starts at Koolstoof restaurant in Warmbad Weg at 10am. A breakfast will be served for R60. Please support us by donating dog food, blankets, animal carriers and office supplies. From Koolstoof they will make a turn at Eco Mountain Inn before returning to Koolstoof again. If you have any enquiries, please contact Elmien Kemm on 066 205 2927.

Trenches – a ticking time bomb

Thabazimbi/ Regorogile – A trench that aren't properly marked and secured is a safety hazard. Passers-by can easily fall into it. Children are always eager to explore, and these trenches pose a serious safety hazard to them.

A trench can cave in and injure or asphyxiate a person standing or sitting in it. It is also easy to fall into a trench if walking on the loose soil piled up next to it. If you take the heap of soil right next to it into account, the depth of the trenches around Regorogile is up to of 2.5 metres at some places.

On Wednesday 10 August, a Nissan 1400 got stuck in one of the many unsecured trenches in Regorogile. “These trenches are a cause for concern,” the message in which the photo of the Nissan was sent to the *Platinum Bushvelder*, reads.

According to residents in the area of these trenches, they were dug some time ago already. “The trenches go very deep at some points. Some children are allowed to roam freely and I'm afraid for their safety,” we were told.

Communications officer at Thabazimbi Local Municipality, Joshua Motsomane, says that the trenches were dug by a contractor and that it is for the new bulk-water pipeline. He added that the trenches were originally demarcated with plastic barrier tape, but that someone removed it in the meantime.

He added that technical committee meetings to manage the pipeline project are held regularly where the municipality and other stakeholders meet. “All issues pertaining to the project will be addressed during the coming meetings,” he said.

Check the tyre pressure!

[Letter to the editor]

Thabazimbi – I seemed to have a slow puncture on one of the rear tyres of my car, so on Wednesday 27 July my husband and I drove to the petrol station where an attendant assisted us to inflate it. The following morning, I buckled-up my toddler and made my way to Thabazimbi, just like any other morning. Because the tyre was a little bit flat the previous day, I walked around the car to ensure that it was fine, which it seemed to be.

I was driving along the R510, just before the Ben Albert turnoff, when I felt my car shake, and I heard a loud ‘bang’. I thought I was losing control of my car, but I eventually managed to bring it to a standstill (after the terrible scare!), Upon inspection, I noted that the tire which was inflated the day before had burst.

The tyre is only about three months old, and I haven’t put a lot of kilos on it... so... it might have had something to do with the tyre pressure!

I would like to warn other motorists to inflate

their tyres correctly. Most vehicles have a sticker on the inside of the driver's door which indicates the pressure suitable for the vehicle, tyre and terrain. You can also check your user manual or even Google. Make sure you know this so that you can advise the person inflating the tyres of your vehicle.

It was a miracle that I could keep control of my vehicle! The worst, however, was that my toddler was with me on this trip... It could have ended up much worse.

Thank you to everyone who stopped to ask if we were alright and thank you to the people who took me to town.

Under Pressure

Avoid unnecessary fires!

Thabazimbi – A combination of gusty, August winds and dry grass always poses a serious threat of dangerous and rapidly spreading fires. Strong winds, a characteristic feature of the month of August, can cause destruction when they pick up embers which go on to cause fires elsewhere.

Being cautious and vigilant, as well as adhering to simple fire-control rules, are a necessary requirement for all communities and can save lives.

The advice from director of Thaba Fire and Rescue, Pierre Loots, to people living in and around Thabazimbi is simple: “Do not start an unnecessary fire. If you do start a campfire, for example, make sure it is completely extinguished when you are done. If the ashes of the fire are blown away, it could result in a dangerous fire.”

- Loots calls upon community members to report any fires as soon as they spot them – even the very small ones.

For more information, contact the Thaba Fire and Rescue control room, Dinare Security, or the Community Policing Forum (CPF) on 063 512 4633.

Have your say / Sê jou sê

Do you think computers and robots are going to take over your job in 10 years' time?

The Fourth Industrial Revolution is seeing technology developing at a very fast rate. We stand on the brink of a technological revolution that will essentially alter the way we work, but will technology be able to replace human labour?

No, robots lack emotional intellect and that is something many need when working with other people.

Bianca Bronkhorst

Yes. Computers and robots will take over in the coming 10 years. In my field, rock and drill underground in the mines, equipment operated by computers are already taking over. It's operated by one person, in stead of the four people who used to do the same work. It's safer, but it's happening.

PSALM 47

Praise to God, the Ruler of the Earth
To the Chief Musician. A Psalm of the
sons of Korah.

47 Oh, clap your hands, all you peoples!
Shout to God with the voice of triumph!
2 For the Lord Most High is awesome;
He is a great King over all the earth.
3 He will subdue the peoples under us,
And the nations under our feet.
4 He will choose our inheritance for us,
The excellence of Jacob whom He loves.
Selah

5 God has gone up with a shout,
The Lord with the sound of a trumpet.
6 Sing praises to God, sing praises!
Sing praises to our King, sing praises!
7 For God is the King of all the earth;
Sing praises with understanding.
8 God reigns over the nations;
God sits on His holy throne.
9 The princes of the people
have gathered
together, The people
of the God of
Abraham.
For the shields
of the earth
belong to God;
He is greatly exalted.

Did you know?

Only a few people in the world knows the formula to make Coca-Cola. For most of the past 87 years, the Coca-Cola Company's secret formula was locked away in a vault. It's currently at the World of Coca-Cola. Though the actual secret formula is destined to remain a mystery to most of the world, the exhibit, 'The Vault of the Secret Formula' offers insight into the intrigue behind Coca-Cola's most closely guarded trade secret.

Northam Rhinos dames span vat ‘n wen

Setaria – Terwyl die manne bietjie ‘n rusnaweek gehad het, het die Northam Rhinos se dames rugbyspan Mamelodi se span goed ore aangesit op Saterdag 13 Augustus.

Dit is hul eerste jaar wat hulle speel – en hierdie was hul vierde wedstryd tot dusver. Hulle wen die wedstryd 31-22 en sal volgende naweek op 20 Augustus teen Atteridgeville in Pretoria speel. As hulle dié wedstryd wen, sal hulle deurdring na die semi-finaal.

Die rugbymanne het self ‘n tawwe naweek wat voorlê, en sal ook op 20 Augustus die Naka Bulle aanpak. Die Naka Bulle is tans die voorlopers in die liga. Die Northam Rhinos het verlede jaar in die finaal teen hulle verloor en aan die begin van die liga het hulle met twee punte verloor... Hierdie gaan beslis ‘n uitdaging wees. Sterkte manne!

He did exceptionally well and secured a third place. This also landed him a spot on the national team that will participate at the World Championships that will take place in Abu Dhabi from 16 August.

Rugby Kampioenskappe 2022

Springbokke vs All Blacks

Op Ellispark voor sowat 63,000 fanatiesie Bok-ondersteuners bederf die Kiwi's die dag en wen 35-23. Nienaber se spankeuses het ge-boemerang en duisende teleurgestelde rugga liefhebbers het maar 'n hartseer Saterdagagaand beleef.

Alle eer aan die All Blacks. Die bestuur en span was onder geweldige druk maar het volgehou om in mekaar te glo en vermag amper die onmoontlike om die Bokke in Johannesburg te klop.

Op die vooraand van die Bokke se vertrek, is daar slegte nuus dat Bongsi Mbonambi

nie die toer as haker kan meemaak nie. Joseph Dweba het gesukkel teen die All Blacks, maar is wel in die toerspan. Deon Fourie is ook in die groep ingesluit as voorsorg op haker. Cobus Reinach is ook deel van die groep. 'n Verrassende insluiting is dié van die jong Bulle speler, Canan Moodie, as veelsydige agterspeler. Nienaber het skielik 'n skoen wat lekker druk en sal op die toer moet bewys hy is in beheer.

Die Bokke draf op 27 Augustus teen Australië uit in Adelaide. Die Kiwi's speel op dieselfde dag teen Argentinië. Argentinië het die Aussies by San Juan verwoes en wen met 'n rekordtelling 48-17 en druk sewe puik drieë. Die Aussies moes sonder 'n hele paar gereelde spelers speel.

Nag ou grote...
