The moment of impact between the train and the black Volkswagen Polo.

FIVE SURVIVE RUN-IN WITH TRAIN

Northam – A black Volkswagen Polo hatchback has been captured on video seemingly making no effort to avoid the impending train that eventually ploughed into the vehicle on Thursday 8 September. The stationary vehicle was on the train tracks at the Northam-Amandelbult crossing on the R510 at about 09:20 when the incident occurred. Police were summoned to the scene and five occupants of the vehicle were transported to hospital by emergency services.

According to Northam police sergeant Fortune Modise, all five occupants survived with the driver escaping with no injuries, although his four passengers were seriously injured. "The driver of the vehicle is an employee at Northam Platinum and the accident occurred at the railway crossing next to the mine's boom gate," he added. The police are investigating a case of reckless and negligent driving. Transnet could not be reached at the time of going to print.

Pit bull at preschool!

[letter to the editor]

Thabazimbi – I am concerned. There is a preschool in Thabazimbi run from the owner's home (understandable), but she has three pit bulls in her back yard. They are usually locked up, but while I was driving by the other day, I saw that one of the dogs was not locked up and roaming about around the children. Besides animal allergy issues, a pit bull is dangerous. Pit bulls are renowned to be vicious and of all dogs biting or attacking children, pit bulls take the lead. About three weeks ago, one of these pit bulls viciously attacked the owner's neighbour's dog. It could have been a child!

Suspects in Steenekamp's murder in court

Maroelasfontein/ Northam – Niko Steenekamp was found murdered on his farm in Maroelasfontein on Tuesday 6 September. Steenekamp's stepdaughter Christine Abreu de Jesus raised the alarm on social media after his bakkie was found abandoned on the Maroelasfontein [gravel] road. Several organisations heeded the call and launched a search and rescue operation to help find Steenekamp. It was later established that some items from Steenekamp's farmhouse were missing which indicated foul play. At around 3pm Steenekamp's body was found on his farm. Investigations led to the arrest of five suspects. According to a close family member, the first suspect (Thabang Koos Moruwa) who was an employee

of Steenekamp, implicated three other suspects but later changed his story. Police spokesperson sergeant Fortune Madisa confirmed that the three suspects could not be linked to the murder and have since been released. Moruwa then pointed the finger to a fifth suspect, who was then arrested. According to police spokesperson lieutenant colonel Malesela Ledwaba, the remaining two suspects, Moruwa (30) from Mokgalwaneng Village and Bhekimpilo Trevor Ncube (38), a Zimbabwean national, both appeared before the Northern Magistrates' Court on 8 September. The case was postponed to 16 September for further investigations. They are facing charges of murder, house robbery and theft of a motor vehicle.

Charity run a raging success!

Thabazimbi – The Originals Motorcycle Club (MCC) hosted a fun 'charity' run on Sunday 28 August to support the good work of Thabazimbi Animal Rescue (TAR). Everyone met at Koolstoof restaurant for breakfast before heading out to Eco Mountain In, and then made their way back to the restaurant again. Each community member who pitched up at the restaurant were also treated to breakfast, and their fee helped carry charity costs. Participants also rocked up with pet food, animal blankets and items TAR can utilise.

Through the community's support, Originals Motorcycle Club managed to raise R13,388. Three bakkies loaded to the brim with much-needed supplies were later handed over to TAR. The donations will help TAR to feed, house and ensure that the animals in their care receive the necessary medical treatment. MCC would like to extend a word of thanks to Koolstoof restaurant, Eco Mountain In, Buco, Kooperasie Restaurant in Koedoeskop as well as everyone who contributed.

In remembrance

Unlawful entry on Premises Bill, 2022 ???

Invitation for Public Comments

Take note:

- The proposed law is not applicable to government property (critical infrastructure or national key points or any public place), but it is applicable to your home, your business, and your farm.
- Of all the many unlawful acts that can be committed, this proposed law makes it the duty of law-abiding citizens (the victims) to put up signage to discourage perpetrator/s to not act unlawfully (trespass). Imagine having to put up signs for every unlawful act under the sun, to try and keep perpetrators from acting unlawful.
- This law also specifies in detail the exact steps you must follow, should a perpetrator enter your home, your business, or your farm unlawfully. Is there exact prescribes of what a law-abiding citizen should do – when encountering one of the myriad other unlawful acts of perpetrators?
- When you are a victim of a trespasser, you cannot just call on any police officer if an incident occurs. You have to make contact with an 'authorised member - means a suitably qualified and experienced member of the South African Police Service, authorised thereto by the National Commissioner of the South African Police Service to perform, in addition to their normal functions and duties, such functions as are conferred or imposed upon them by this Act.'
- If this bill is passed, and enforced... What is the consequences if you (the citizen) do not follow the rules to the T, should a trespasser enter your home?

SA – On 12 August 2022 the Department of Justice and Constitutional Development issued a notice in the Government Gazette, inviting public comments on the proposed *Unlawful Entry on Premises Bill, 2022* (the Bill).

The main purpose of the Bill is:

- To repeal and replace the *Trespass Act, No. 6 of 1959*, and
 - To prohibit unlawful entry on premises.
- Justice minister Ronald Lamola says the *Trespass Act, No. 6 of 1959* has lost its relevance in the South African constitutional democracy. His department seeks to repeal the law and replace it with the proposed *Unlawful Entry on Premises Bill, 2022* (the Bill).

The proposed Bill is a document consisting of seven pages, which is available on the following website:

<https://www.justice.gov.za/legislation/invitations/20220812-InviteToComment-UnlawfulEnteringOnPremisesBill.pdf>
The *Trespass Act, No. 6 of 1959* is a document consisting of two pages, which is available on the following website:
<https://www.gov.za/documents/trespass-act-20-mar-1963-0000>

The following amendments were made to the Act:

- Sections 1 to 3 amended by Extension of Security of Tenure Act 62 of 1997
- Section 2 amended by Criminal Law Amendment Act 59 of 1983

The proposed 7-page bill to replace the 2-page bill which has lost its relevance describes in detail what a person should do when a trespasser enters his property, be it the building called home, a farm, or a business premises. Several terms were also changed for example:

...unless he has lawful reason to enter... was replaced by ...the person charged reasonably believed that they had title to or an interest in the premises... and ...there is a presumption that access for lawful purposes... Parliament is the national legislature (law-making body) of South Africa. As such, one of its major functions is to pass new laws, to amend existing laws, and to repeal old laws. Both houses of Parliament – the National Assembly and the National Council of Provinces (NCOP) – play a role in this process. Once it is signed by the President, it becomes an Act of Parliament and a law of the land.

Has this process not become just as irrelevant as the act it now wishes to replace? Should the process not be widened in the design stages of the proposed act. So that the man on the street can understand the formation of the law and so that more role-players and legal experts in the field have the opportunity to contribute... rather than give a law to be commented on which is riddled with loopholes and open for personal interpretation.

You can read through the proposed bill and give your inputs to the director general, or you can sit on the shoreline and watch the ship pass by. It is up to you. You must ask yourself: 'Is this law doable, or would it just work on paper?'

What are the practical implications to the detail that is given in this proposed law of how a situation with an intruder should be handled?

Let's say you opened your gate with the remote, and at the time your daughter opened the front door of the house, an intruder made use of the opportunity to gain access to your property and your house. So, following the new proposed act... the intruder might presume he/she had access because the access was not prohibited (open gate... open door).

Would the natural behaviour of the intruder/s be to listen as you speak to the intruder/s, informing them that they are not welcome and should leave? Would it be natural for you to then turn your back on the intruder, while they patiently wait for you to speak to the police, which might take a long time, as it is sometimes difficult to get through to the police.

Taking into account that the police struggle with limited resources, and that they might only be able to contact you back the following day, because they did not have available vehicle or personnel...

Would the SAPS officer be responsible for deciding if there is any legal 'presumption' before removing the intruder from your house?

What if the family of your ex-husband decides to rock up on your farm and removes the signage which you have placed on the gate. You phone SAPS, but because they cannot respond immediately, the family of your ex-husband, offloads their mobile home and start planting some veggies... What would SAPS do if they get to your place? Would SAPS remove them or would SAPS wait for a court order?

The public is invited to send comments to:

- The Director-General: Justice and Constitutional Development, Private Bag X 81, Pretoria, 0001. Marked for the attention of Ms A Botha; or
- E-mail comments to AIBotha@justice.gov.za; or
- Send a fax to 012 406 4632

Please note, it is not **A1Botha** or **AiBotha**, it is **AIBotha** ... as in j ... k ... i ... m

Comments must be submitted to Ms A Botha on or before 16 September 2022. Further information can be obtained from Ms A Botha at 012 406 4762.

No indication was given if a member of the public who wish to comment on the proposed act should give their name and address.

10 STEPS TO FOLLOW IN CASE OF A VEHICLE ACCIDENT

SA – A vehicle accident can be a very traumatic experience. Whether it's merely a fender bender or a serious accident in which people get injured, knowing what to do, is critical.

The first thing you need to remember, is to stay calm. You will probably be in shock... So, take a moment to breath and get your thoughts together. Be vigilant and make sure that it is safe to get out of your vehicle. Check for any oncoming traffic and be aware of your surroundings as criminals sometimes deliberately cause accidents, forcing you to stop so that they can rob you.

If it's safe to get out of your vehicle, you are conscious and your injuries allow you to move around, you can follow these steps:

1. Check if anyone else at the scene has been injured.
2. If there are injuries (yourself or others), contact emergency services immediately. Make sure this number is saved on your phone or where you can easily find it.
3. Document the accident by noting exactly what happened before the accident and after the accident while it is still fresh in your memory. Leaving a voice note and taking photos can help with this.
4. Take photos of the vehicles before they are moved.
5. Get the details of the other driver(s)
 - a.) Full name and surname
 - b.) Contact details
 - c.) Make and model of the vehicle (photo!)
 - d.) Vehicle registration number (photo!)
 - e.) Physical address
 - f.) ID number

6. If there are any witnesses, get their details also. Do not leave the scene before you have taken all these steps.
 7. According to *Section 61(1) (a-e) of the National Road Traffic Act, 1996 (Act No. 93 of 1996)*, it is the responsibility and duty of every driver to report an accident in which a person or animal was killed or injured immediately, or at least within 24 hours after the occurrence, and not to remove any vehicle until such removal is authorised by a police official.
 8. Should your vehicle be unable to drive, phone a family member to come and collect you, and a tow truck company to collect your vehicle.
 9. That means, after you have summoned emergency personnel (if needed) and made sure to exchange details, you should phone the cops to come to the accident scene (or if it's a small accident or the cops cannot be reached, or they cannot attend the scene, open a case at your nearest police station within 24 hours). Remember to get the case number!
 10. Once you have a case number, call your insurance company and let them know you have been in an accident, and then some paperwork!
- If you are seriously injured or unconscious, make sure you have a document in your car containing your personal and medical information. If emergency services have access to this information, it can save vital time when it comes to saving your life.**

Have your say / Sê jou sê

Do you think it's important to have insurance?

Life insurance, car insurance, or house insurance...It's always good to be prepared. Right? But is it really worth paying a fee every month just for in case something happens? What do you think?

No. I don't have items that need to be insured, so for me there is no need.
Johannes Tshukudu

Yes. Take your car for instance... If you get into an accident, you might not have the money to fix it there and then. And what about the other driver's car? Insurance definitely helps by covering this gap.

PSALM 61

Assurance of God's Eternal Protection To the Chief Musician. On a stringed instrument. A Psalm of David.

61 Hear my cry, O God;
Attend to my prayer.
2 From the end of the earth I will cry to You,
When my heart is overwhelmed;
Lead me to the rock that is higher than I.
3 For You have been a shelter for me,
A strong tower from the enemy.
4 I will abide in Your tabernacle forever;
I will trust in the shelter of Your wings. Selah
5 For You, O God, have heard my vows;
You have given me the heritage of those who fear Your name.
6 You will prolong the king's life,
His years as many generations.
7 He shall abide before God forever.
Oh, prepare mercy and truth, which may preserve him!
8 So I will sing praise to Your name forever,
That I may daily perform my vows.

SA – Have you ever been stuck next to the road and had no idea where you are? And when you phone for help you have no idea how to explain where you are... There are markers next to most main roads to indicate where you are so you can give a detailed location – something that can be vital in an emergency situation. Location marker boards are located every 200m on national routes. These boards contain the name of the route, the particular section of the road and the kilometre distance – some even indicate your direction of travel.

Here's what each of the points on the sign means:

- R24 – Road or route on which you are travelling
- 1 – Indicates the section of the R24 route on which you are travelling
- 6.4 – Indicates the kilometre position on the route section

World Cup Sevens

Die 2022 Sewes Wêreldbeker word deur Fidji gewen. Die Fidjiane was duidelik in 'n ander klas en klop Nieu-Seeland 29-12 in die finaal. Die Blitsbokke het duisende Suid Afrikaanse ondersteuners teleurgestel en kon slegs sewende eindig.

Sundowns' superior attacking prowess

SA – Mamelodi S u n d o w n s have fired early warning shots about their ability to successfully defend their DSTv Premier Soccer League (PSL) title. With just over a quarter of the matches having been played, the club is currently at the top of the log with two points. And if you remember how the chase ended last season, then you will probably be aware how it might prove difficult – once again – for the other clubs to keep up! After eight matches, Sundowns are now on 16 points while second placed Orlando Pirates have managed 14 points in as many matches. A 2-1 win over Golden Arrows at Tuks Stadium on Saturday 10 September ensured Sundowns remain at the summit of the log. Goals from Peter Shalulile and Siyavuya Ndlovu were enough for the defending champions to collect maximum points

while Arrows got their goal through Pule Mmodi. Pirates, on the other hand, managed a 2-0 win over TS Galaxy at Orlando Stadium through goals from Spiwe Msimango and Zakhele Lepasa. Sundowns have now scored 14 goals in all matches (as compared to Pirates' six) and this demonstrates just how lethal their strikers have been. Let's see how they will fare in their next match against AmaZulu at Loftus Versfeld Stadium on Sunday 18 September.

PSL fixtures:

Saturday 17 September

- Golden Arrows v Moroka Swallows (15:00 at Princess Magogo Stadium)
- Chippa United v Marumo Gallants (15:00 at Nelson Mandela Bay Stadium)
- Sekhukhune United v Stellenbosch (17:30 at Peter Mokaba Stadium)
- Kaizer Chiefs v SuperSport United (20:00 at FNB Stadium)

Sunday 18 September

- Mamelodi Sundwons v AmaZulu (15:00 at Loftus Versfeld Stadium)
- Richards Bay v TS Galaxy (17:30 at King Goodwill Zwelithini Stadium)

‘n Regverdige kans vir wees-diere

Thabazimbi – Jamiela van der Walt het van kleins af ‘n liefde vir diere ontwikkel en wou net al die diere red. Sy het ‘n plan van aksie gehad en hard gewerk om dit te verwesenlik. Stap een was om ‘n veearts te word. Stap twee was om haar belangstelling in diere-gedrag na te jaag. Die vrugte van haar arbeid begin eindelijk werklik ‘n verskil maak, nie net in die lewens van diere nie, maar ook in ander diere liefhebbers. Haar droom het ‘n naam gekry – Pawtrility, en alhoewel dit nog in die begin stadium is, het hulle alreeds heelwat diere gehelp. Pawtrility bestaan uit vrywilligers wat help met pleegsorg van allerhande diere. Van die vrywilligers het al klaar opleiding ontvang oor hoe om ‘n diere se lyftaal te verstaan, hoe om te bepaal watter tekortkominge die diere fisies en emosioneel het, en hoe om dit aan te spreek. Die aksies word gedoen in noue samewerking met die Pawtrility-span.

“Daar is soveel wees-diertjies wat nooit ‘n kans staan nie weens mense wat roekeloos teel en honde wat net op straat weggegooi word. Al die diere het die potensiaal om iemand se lewe te verryk. Ons beoog om ‘n diere waarlik ‘n aanwinst en liefdevolle familielid te maak,” vertel Van der Walt. “Om ‘n diere ‘n ware kans te gee, moet mens die basiese beginsels in plek hê sodat die diere die selfvertroue en maniere het om ‘n nuwe situasie en familie te kan akkommodeer.” Volgens Van der Walt is daar baie diere wat wel ‘n tweede kans gegun word deur aangeneem te word, maar baie van hulle word na ‘n tydperk teruggebring omdat hulle “stout” is. In baie gevalle is dit omdat die familie nie die nodige leiding gekry het nie. Hulle weet nie altyd hoe om ‘n aanneem-diertjie te help om aan te pas en te groei nie. “Dis ons missie om mens en diere bymekaar te bring sodat hulle mekaar kan verryk en saam ‘n lewe bou,” sê Van der Walt.

Op die stadium werk Pawtrility meestal met honde en katte, en het ‘n paar perde ook al gehelp. Hulle is egter in die proses om beter fasiliteite te bou sodat hulle nog meer betrokke kan raak. Dis ‘n lang proses maar belofte om soveel harte te genees en liefde terug te sit in ‘n gebroke wêreld.

Sukses stories:
