SAPS TRAINEE KILLED DURING FIREARM TRAINING

Thabazimbi – A 26-year-old South African Police Service (SAPS) trainee was tragically killed at the Thabazimbi Tactical Academy (also known as the Verdrag SAPS Training Academy) on Sunday 20 November 2022.

It is alleged that an instructor was doing a demonstration on how to handle a firearm when a shot went off which instantly killed the young soon-to-be officer who was set to graduate in December. According to police spokesperson colonel Athlenda Mathe, the SAPS national commissioner general Fannie Masemola has launched an investigation into the circumstances surrounding the fatal shooting of the trainee, who was part of the SAPS major drive to recruit 10,000 police officers.

The case has also been referred to the Independent Police Investigative Directorate (IPID) for an internal investigation. General Masemola has pledged the organisation's full cooperation and support in the investigation.

"This is an unfortunate incident; we request space to conduct a thorough investigation to be able to determine the circumstances surrounding the incident. We pledge our full support to the family of the deceased and all affected," concluded general Masemola. Phycologists, social workers and chaplains from SAPS' Employee Health and Wellness department are currently providing psychosocial support to the family of the deceased and all affected.

THE SURRENDER OF PIT BULLS TO SPCAs

SA – Over the past few weeks, there has been an exponential amount of media exposure regarding pit bulls attacking humans, especially children. As a result, SPCAs around South Africa are facing the difficult task of dealing with the aftermath of these tragic attacks. Pit bulls are being surrendered to SPCAs in large numbers and, in communities where owners have not surrendered their pit bulls, the communities are beginning to take matters into their own hands. Animals are being poisoned, stabbed, beaten, and set alight in retaliation from angry communities. This issue has also gained the attention of major political parties, National Unions, and National Civic Organisations either quoting or misquoting the NSPCA or threatening/instructing pit bull owners to surrender their dogs to the SPCA. As the number of aggressive dogs surrendered to SPCAs across South Africa increases, so too does the NSPCAs concern for the effect this will have on SPCAs (especially the smaller Societies operating in outlying areas) as well as what will happen in the areas where there are no SPCAs. The SPCA does not receive funding from the Government. In addition to the vital work that SPCAs are already providing to their communities on limited resources, we are faced with dealing with this issue alone as well. The SPCA movement is taking action at great risk and cost to assist animals and communities. Realistically, the movement does not have the resources to cover the cost of this national campaign without support from other relevant role-players in this matter. The NSPCA has formally addressed the Department of Agriculture, Rural Development, and Land Reform to enquire what their plan and strategy to address this national issue is, given that this is their responsibility. There is an urgent need for government intervention with regard to this issue, failing which humans and animals could be harmed at an even greater scale.

Slabs of the Crocodile Bridge moving apart.

A SPLIT IN THE ROAD

Thabazimbi – Over the past few weeks, several Thabazimbi community members have voiced their concerns about the Crocodile Bridge on social media. It looks like the concrete slabs on the bridge are not aligned and that they are moving apart. Platinum Bushvelder got in touch with Thabazimbi's local municipality mayor, Tokkie Swanepoel on Tuesday 22 November 2022 about these concerns. "The engineers of SANRAL are currently attending to the situation. SANRAL and Raubex Construction have not raised any concerns at present, and should there be any concerns, SANRAL and Raubex Construction will report it immediately," said the mayor. We reached out to Raubex Construction for a comment but at the time of going to print, we had not yet received any feedback.

10 STEPS TO FOLLOW IN CASE OF A VEHICLE ACCIDENT

- SA** – A vehicle accident can be a very traumatic experience. Whether it's merely a fender bender or a serious accident in which people get injured, knowing what to do, is critical. The first thing you need to remember, is to stay calm. You will probably be in shock... So, take a moment to breath and get your thoughts together. Be vigilant and make sure that it is safe to get out of your vehicle. Check for any oncoming traffic and be aware of your surroundings as criminals sometimes deliberately cause accidents, forcing you to stop so that they can rob you. **If it's safe to get out of your vehicle, you are conscious and your injuries allow you to move around, you can follow these steps:**
1. Check if anyone else at the scene has been injured.
 2. If there are injuries (yourself or others), contact emergency services immediately. Make sure this number is saved on your phone or where you can easily find it.
 3. Document the accident by noting exactly what happened before the accident and after the accident while it is still fresh in your memory. Leaving a voice note and taking photos can help with this.
 4. Take photos of the vehicles before they are moved.
 5. Get the details of the other driver(s)
 - a.) Full name and surname
 - b.) Contact details
 - c.) Make and model of the vehicle (photo!)
 - d.) Vehicle registration number (photo!)
 - e.) Physical address
 - f.) ID number

6. If there are any witnesses, get their details also. Do not leave the scene before you have taken all these steps.
 7. According to *Section 61(1) (a-e) of the National Road Traffic Act, 1996 (Act No. 93 of 1996)*, it is the responsibility and duty of every driver to report an accident in which a person or animal was killed or injured immediately, or at least within 24 hours after the occurrence, and not to remove any vehicle until such removal is authorised by a police official.
 8. Should your vehicle be unable to drive, phone a family member to come and collect you, and a tow truck company to collect your vehicle.
 9. That means, after you have summoned emergency personnel (if needed) and made sure to exchange details, you should phone the cops to come to the accident scene (or if it's a small accident or the cops cannot be reached, or they cannot attend the scene, open a case at your nearest police station within 24 hours). Remember to get the case number!
 10. Once you have a case number, call your insurance company and let them know you have been in an accident, and then some paperwork!
- If you are seriously injured or unconscious, make sure you have a document in your car containing your personal and medical information. If emergency services have access to this information, it can save vital time when it comes to saving your life.**

TAG YOUR PET

Thabazimbi – The December holidays are around the corner and with many people going away on holiday, pets are at risk of straying. The fireworks that come with all the celebrations also cause pets to flee out of fear. This results in an increase in strays, and most of these strays usually end up at the Thabazimbi Animal Rescue (TAR). This influx puts a lot of strain on TAR as they only have a limited number of kennels to house the lost pets and limited funds to feed them. TAR's Tanya Stone would like to urge pet owners to please write their contact numbers clearly on pet collars. She would also like to appeal to them to make sure that their pets are secure and ask whoever is looking after their pets, to immediately report it when a pet goes missing. "Please make sure you have a nice photo of your pet so that if it goes missing it can make it easier to identify," added Tanya.

For more information contact TAR on 082 375 4064 or 084 885 6487.

BOELIERY, 'N NARE WERKLIKHEID

Thabazimbi – Thabazimbi Polisielede het besoek afgelê by Laerskool Thabazimbi op Donderdag 3 November 2022. Hulle het met die Graad 5 tot graad 7 leerders gesels oor boelies en meer uitgebrei oor verskillende tipes boelies en boelie gedrag.

In 'n artikel op alfrikaans.com kyk hulle onder andere na wat boeliery is, en of dit dan ook afknouery of bullebakery insluit? Die artikel uittreksels lui:
Laat ons eerstens 'n onderskeid tref tussen 'n goeie terger, 'n gewone konfliktsituasie en werklike boeliegedrag.

Tergery vind gewoonlik tussen vriende plaas en het nie gewoonlik ernstige nagevolge nie, omdat dit nie afbrekend is nie en met humor gepaard gaan.
In 'n **konfliktsituasie** dring die partye nie daarop aan om noodwendig hulle sin te kry nie en word daar gewoonlik redes gegee hoekom hulle van ander verskil. Daar word ook gewoonlik om verskoning gevra agterna en word daar dikwels onderhandel oor hoe om by 'n aanvaarbare oplossing uit te kom. Dit kan selfs gebeur dat die persoon bloot wegstap.

Boeliery aan die ander kant, is 'n ernstige saak wat met groot omsigtigheid, maar ook ferm, hanteer behoort te word. Dit is daardie aggressiewe gedrag wat aanhoudend en gereeld plaasvind en spesifiek op iemand (of 'n leerder) gerig word wat die boelie dink nie teen hom/haar kan of sal opstaan nie –slagoffers voel dus hulpeloos om hulself te verdedig.

Tipes boeliery
Verbaal – noem ander lelike/ afbrekende name, dreigemente dat die persoon seergemaak gaan word en uitarting.
Sosiaal – om iemand met opset te ignoreer of uit te sluit en ander aan te moedig om dit ook te doen, onwaarhede oor die persoon te versprei, of die persoon in die openbaar te verkleiner.
Fisiek – lei dikwels tot fisieke en soms gewelddadige aanranding van 'n persoon of beskadiging van hulle besittings. Hierdie soort aanranding kan tot strafregtelike stappe lei.
Kuberboeliery – vind oor die internet plaas op sosiale media platforms en is gewoonlik die verspreiding van kwetsende en skadelike stories en gerugte.

Lede van Thabazimbi polisie gesels met Laerskool Thabazimbi leerders.

Do you know how to swim?

For most animals, swimming comes naturally. Humans, however, need to learn how to swim. Some people never learn how to swim because they believe that they won't need the skill, while others can't wait to take a plunge. Do you know how to swim?

No. I have a fear of getting into the water and because of this, I haven't learnt how to swim.

Klein Pienaar

Yes. I learnt how to swim when I was very young, and I am very grateful for having that skill because you never know when it will come in handy.

PSALM 114

The Power of God in His Deliverance of Israel 114 When Israel went out of Egypt,

The house of Jacob from a people [a]of strange language,

2 Judah became His sanctuary,

And Israel His dominion.

3 The sea saw it and fled;
Jordan turned back.

4 The mountains skipped like rams,
The little hills like lambs.

5 What ails you, O sea, that you fled?
O Jordan, that you turned back?

6 O mountains, that you skipped like rams?
O little hills, like lambs?

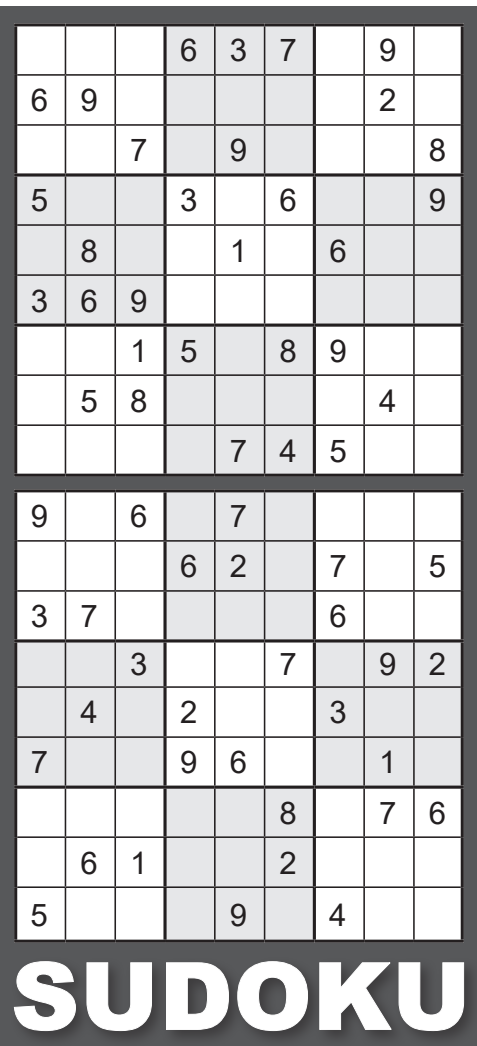

7 Tremble, O earth, at the presence of the Lord,

At the presence of the God of Jacob,

8 Who turned the rock into a pool of water,

The flint into a fountain of waters.

POLL

Do you feel comfortable having a bath or a shower when your partner isn't home?

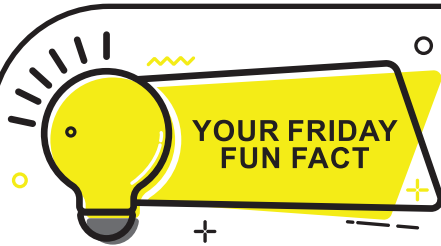

One of the most re-invigorating ways to unwind and relax is to have a nice bath or shower. But some people find it difficult to spend time with the bubbles when they are alone. This is because they feel they need to be vigilant and don't want to be vulnerable in case of possible criminal activity. What is your opinion, would you feel safe enough to unwind in the tub when alone?

Make yourself heard by sending an email to news@platinumbushvelder.co.za or send us a WhatsApp at 081 579 7000 with the following information before 17:00 on Monday 28 November 2022:

- Yes, I feel comfortable taking a bath or a shower when my partner isn't home.
- No, I don't feel comfortable taking a bath or a shower when my partner isn't home.
- The reason for your answer.
- A recent photo of yourself—so that we can publish your pic with your answer.
- Your contact details.

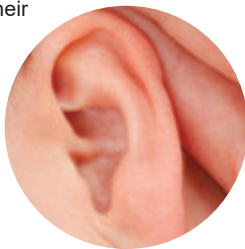

The results of the votes will be published in our next issue.

P.S. You can also give your opinion by commenting on our Facebook post.

Did you know?

Or should we ask... Did you hear? When your teenagers don't seem to listen to you, it's not that they don't hear you – their brains just aren't registering your voice in the same way they used to. According to neuroscience studies, teenagers' brains start tuning out their mothers' voices around the age of 13 as they start to find unfamiliar voices more appealing.

PSL BREAK GOOD OR BAD?

Mamelodi Sundowns coach Rulani Mokwena. Image: Mamelodi Sundowns Facebook.

SA – The South African Premier Soccer League (PSL) will only resume on 31 December 2022 when the curtain has come down on the FIFA World Cup. All the local players and their coaches, as well as the rest of the football world will be keenly following the action in Qatar – game by game.

PSL coaches, like Mamelodi Sundowns' Rulani Mokwena will probably welcome the brief break as it will give some of the injured players – like star striker Peter Shalulile – a chance to recover to full fitness. The Sundowns marksman, who has not been part of any of the team's matches, has returned to moderate training after undergoing an operation. Many other clubs will also be hoping their injured players bounce back to full fitness ahead of the resumption of the league title chase at the end of December.

For a lot of teams, however, the PSL break is an unwelcome distraction that could make it difficult for them to find their momentum when the games resume.

2022 Autumn Nations Series

Die Bokke wen weer en klop Italië 63-21. Eerskomende Saterdag sluit hulle die toer af met 'n botsing teen Engeland op Twickenham. Die All Blacks val uit die bus uit in die laaste tien minute teen Engeland na die geelkaart aan Beauden Barrett. Die Kiwi's was nét 25-6 voor en laat die bleekbene toe om 19 punte in die laaste tien minute aan te teken! 'n Rare gelykop uitslag... 25-25. Georgia skok Wallis met 'n eerste oorwinning ooit, 13-12! Ierland wen Australië 13-10 en was nie juis oortuigend nie. Frankryk sluit die seisoen oorwonne teen Japan.

Uitslae:

- Frankryk 35-17 Japan

- Ierland 13-10 Australië
- Engeland 25-25 Nieu-Seeland
- Skotland 52-29 Argentinië
- Roemenië 0-22 Samoa
- Kanada 43-37 Namibië
- Italië 21-63 Suid-Afrika
- Wallis 12-13 Georgia
- Tonga 43-19 Uruguay
- VSA 16-16 Portugal
- Hongkong 22-18 Kenia

Die Ierse losvoorspeler, Josh van der Flier, is aangewys as die beste rugbyspeler van 2022. Die puik speler verdien die toekenning by verre.

Soms moet die sooi-brand nuus ook gedeel word. Die SA "A" span verloor hulle twee games op hulle toer. Die Bokke se naasbestes, soos hulle bestempel word, was lomp en pateties, *finish* en klaar! Hulle verloor teen 'n verswakte Muster span, 28-14, en volg dit op met nog 'n 26-18 nederlaag teen die Bristol Bears 'n week daarna.
