From left: Keen to keep the streets safe, Thaba Alarms director Stefan Smuts, GPF chairperson Petrus van Breda, and Dahua Technology SA business development manager Kobus Nel.

Thabazimbi – The Thabazimbi community policing forum (CPF) received a very useful tool which will aid the forum's fight against crime. Thaba Alarms along with its brand partner, Dahua Technology South Africa sponsored a state-of-the-art M20 thermal monocular camera to the CPF on Monday 8 May 2023.

The parties met at the Thabazimbi showgrounds to commemorate the handover of the thermal monocular camera. The camera captures sharp thermal images of running targets and moving vehicles at a fast frame rate. Covering a distance of 625m, the M20 camera clearly displays targets in high resolution, even if they are moving quickly. Designed to increase situational awareness at any time of day, the M20 camera can detect humans, animals, and objects in complete darkness, haze, or through glaring light. The handheld camera will especially equip CPF members when it comes to capturing cable thieves and other criminals who operate in poorly lit areas.

"At Thaba Alarms the community's safety is our highest priority. We have very committed members within our CPF whose efforts to keep us safe don't go unnoticed. Thanks to Dahua's input, we are pleased to give them a helping hand," said Thaba Alarms director Stefan Smuts. "Dahua Technology SA is proud to be a part of the donation. I believe that the camera will greatly enhance the CPF's ability to identify perpetrators," added Dahua Technology SA business development manager Kobus Nel.

"On behalf of the Thabazimbi CPF, I would like to thank Thaba Alarms and Dahua Technology SA. Their generous donation will help us to be more prepared and will enable us to target problematic crime spots," said CPF chairperson Petrus van Breda.

The M20 camera provides reliable thermal imaging in tough conditions.

PROVERBS

The Value of Wisdom [Proverbs 2 verse 1-9]

2 My son, if you receive my words,
And treasure my commands within you,
2 So that you incline your ear to wisdom,
And apply your heart to understanding;
3 Yes, if you cry out for discernment,
And lift up your voice for understanding,
4 If you seek her as silver,
And search for her as for hidden treasures;
5 Then you will understand the fear of the Lord,
And find the knowledge of God.
6 For the Lord gives wisdom;
From His mouth come knowledge and understanding;
7 He stores up sound wisdom for the upright;
He is a shield to those who walk uprightly;
8 He guards the paths of justice,
And preserves the way of His saints.
9 Then you will understand righteousness and justice,
Equity and every good path.

Do you still watch movies at the cinema?

Watching a movie in theatre has always been a treat as the popcorn, big screen, and surround sound make you feel part of the action. But with modern televisions, it's just as easy to have the same experience from the comfort of your home. With that said, do you still watch movies at the cinema?

Yes. I go to the cinema whenever I get a chance to go to the city. It's my way of shutting off from work and just enjoying some quality time with my family. Technology has most certainly changed our way of living, but going to the cinema is still one of my favourite pastimes.

Alicia du Plessis

No. I don't have the time to go to the cinema.

Did you know?

South Africa is quite nutty; it may surprise you to know that our little country is the largest macadamia nut producer in the world! Our macadamia nuts are mostly harvested in the Limpopo region as the trees, along with avocados, papayas, mangoes, and bananas, do well in the climate.

SA – SuperSport United will lock horns with Kaizer Chiefs on Saturday 13 May 2023 in one of the exciting DStv Premier League matches. The match, to be played at the Royal Bafokeng Sports Complex, will feature two teams that are eager to finish the season on a high note after failing to win the league title. SuperSport are third on the log while Chiefs are fourth and this suggests that there is little—in terms of quality—that separates the two sides. Chiefs, who suffered a 2-1 loss to Orlando Pirates in their previous encounter, will be out to give their fans something to smile about with a win over SuperSport.

However, SuperSport will be eyeing a top-two finish with the knowledge that a victory over Chiefs will enhance their chances of achieving this milestone.
