Thabazimbi – Childhood bullying can negatively affect a person's entire life, as kids who are bullied often experience lasting negative physical, social, emotional, academic, and mental health issues. On the other side of the coin, kids who bully others tend to engage in violent and other risky behaviors into adulthood. To nip bullying in the bud, Roosevelt Academy learners and educators conducted an anti-bullying march on Friday 9 June 2023.

"Roosevelt Academy, which teaches learners from Grade RR to Grade 7, opened its doors in January 2023. As a new school, we have not experienced any incidents of bullying, but because bullying is a problem which quickly takes root, we decided to raise our learners' awareness on the matter," said Roosevelt educator Renette Nel.

With the school bus in tow, the proactive march started at 09:00 on Friday morning. Roosevelt Academy learners made a stop at Pick n Pay and Thabazimbi Spar, where they sang the song 'God made you beautiful' (*Die Here het jou mooi gemaak*) by Bernice West. According to Nel, the song was chosen because it perfectly describes how each and every person is perfect in his/her own uniqueness, as it is God's will. During the march the school's learners had the opportunity to raise their personally made banners which displayed their thoughts on bullying. Nel says that the school also hoped that the march would raise public awareness so that kids and parents feel more comfortable to open up about the serious topic of bullying. The successful march concluded at Thaba Park at 11:30, whereafter learners took the bus back to school. Roosevelt Academy's initiative served as a great reminder that true happiness resides in our ability to love others!

The Wiles of a Harlot

7 My son, keep my words,
And treasure my commands within you.
2 Keep my commands and live,
And my law as the apple of your eye.
3 Bind them on your fingers;
Write them on the tablet of your heart.
4 Say to wisdom, "You
are my sister," And call
understanding your
nearest kin,
5 That they may keep
you from the
immoral woman,
From the
seductress who
flatters with her words.

The frustration of faulty meters

Thabazimbi – Several faulty electricity meter reports from various businesses and residences in Thabazimbi have been circulating. The reported faulty meter problems include non-functional keypads, keypads which slowly load the token digits—only at the end not read the token—non-functional meter numbers (the meter doesn't register the token with the meter number), and some meters don't display the current units loaded. According to information received, meter issues in Thabazimbi have progressively been getting worse over the past three years. *Platinum Bushvelder* reached out to Thabazimbi Local Municipality (TLM) for comment on Monday 12 June 2023 and received the following response: "As the municipality, we can confirm that there was an unplanned power outage around Park Avenue and 10th Avenue due to a damaged bundle conductor. TLM technicians managed to repair and resolve the matter. On all keypads there are instructions on how to load electricity tokens. Anyone who has challenges in loading tokens can be assisted by our customer care officers. For all electricity related queries, the customer care standby number is 083 703 2804 and is available for 24/7. Residents must come to the municipality if they have issues related to service delivery for assistance or contact the ward councillor." However, at the time of going the print the faulty meter problem remained ongoing. "Trying to load electricity via TLM customer care is a nightmare as they are slow to help!" complained one Thabazimbi resident. While TLM appears to be under the impression that the matter has been resolved, many beg to differ and continue with the struggle.

MAN DIES IN HUNTING ACCIDENT

Northam – Freek Kloppers (30) tragically lost his life on the evening of Tuesday 6 June, allegedly due to a hunting accident. The victim's wife, Megen Kloppers (25) was arrested for culpable homicide, and for the possession of an unlicensed firearm and ammunition. "Megen Kloppers appeared before the Northam Magistrates' Court on Thursday 8 June, where her case was remanded to 14 June," said Limpopo provincial commander of SAPS media relations colonel Malesela Ledwaba.

Have your say / Sê jou sê

Do you enjoy spicy food?

Some avoid spicy food because of the physical pain that comes with it; the heat sensation associated with spicy food is due to the activation of pain receptors on the tongue by components like capsaicin which is found in chili peppers. With that said, do you enjoy spicy food?

Yes. I really enjoy spicy food. I just love the burning sensation you get when spicy food is in your mouth.

Portia Tshikovhi

Yes. My grandmother used to make sandwiches with chillies and other ingredients. Spices bring out the different flavours in food in a very tasty way. Besides, everyone needs a bit of spice in their lives!

MUNICIPAL MANAGER

Notice No.: 28/2023

SLP handovers unlock sustainable solutions

At the ceremonies, stakeholder representatives such as Waterberg District Municipality executive mayor Councillor Morris Mataboge; TLM mayor Councillor Judith Mogapi; Anglo American Platinum head, corporate affairs and sustainable impact, Yvonne Mfolo; Amandelbult Complex senior general manager Olaf Meijer; Amandelbult Complex acting senior social performance manager Kaitumela Letebele; and Limpopo Department of Mineral Resources and Energy (DMRE) regional manager Azwihangwisi Malaudzi were joined by representatives of the United Association of South Africa (UASA) trade union; the National Union of Mineworkers of South Africa (NUM); and the Association of Mineworkers and Construction

The fleet includes a landfill compactor, two waste removal trucks with fifteen collection bins, a dump truck, and a tractor. This equipment will greatly enhance TLM's waste removal and disposal service delivery.

The delegation then proceeded to Regorogile, just outside Thabazimbi, for the handover of an Amandelbult Complex SLP 2 project: a 10 million litre reservoir that will provide a steady water supply to Regorogile and other parts of Thabazimbi. The reservoir will help lessen the strain on the Thabazimbi municipality's water systems and improve water security for over 35,000 households. The reservoir, which is situated adjacent to the existing reservoir, easily connects with the existing water supply infrastructure. It will reduce the water shortages experienced by residents as it receives its water from Vaalkop Dam as well as a booster borehole pump station, which will be run by TLM. In addition, inlet pipes from the bulk water network

Platinum projects manager Emmanuel Nkuna said: "Water is crucial for life. I am pleased, because the community will benefit from the new reservoir. My team worked very hard to make this project a success."

Anglo American Platinum housing manager Lonwabo Mgudlwa added: "The plant will unlock a lot of opportunities that will address issues in the area. It's an honour to be part of something that offers sustainable solutions."
