Rooiberg/ Thabazimbi - In a display of community solidarity, people have been set into action following the disappearance of 23-year-old Mac Mc Alister. When the search for Mac started, he was last seen in the early hours of Monday 20 November 2023, which sparked concerns for his well-being. In the meantime, the 2012 Toyota Hilux bakkie (which belongs to his employer) was found in Rust de Winter. Mac's mother shared that Mac apparently left the bakkie in front of a farm in Rust de Winter. The farmer contacted Mac's employer. Apparently, Mac sold his cellphone in Rust de Winter and got into a taxi with an unknown female. Lizell Mc Alister and Mac Mc Alister, the parents of Mac, have tirelessly continued their search for their son. Understandably, the ordeal they are experiencing is having a significant impact on them.

The young man deviated from his normal routine on Sunday 19 November. Mac, who resides in Rooiberg, left for work - on a farm in the area - at around 16:00. Later the same evening he spent some time with friends. However, alarm bells rang when he failed to show up for work the following morning. He was seen in Setaria at around 02:00 on Monday morning, when he dropped off a friend - at which time he apparently said that he is going to return to the farm.

Adding to the mystery, camera footage captured his vehicle, a 2012 Toyota Hilux extra cab with the registration CJG 665 L, on the R511 at the Assen Road turn-off at around 04:45 on Monday.

Described as 1.83 metres tall, weighing 75 kg, with short blond hair and blue eyes, Mc Alister was last seen wearing a white golf shirt, beige shorts, and he was barefoot. His concerned parents reported him missing at the Rooiberg Police Station (case number 1291/11/2023).

Additionally, the Thabazimbi Community Policing Forum (CPF) and Thabazimbi Fire and Rescue (TFR), along with numerous community members, initiated a search party on Wednesday morning at 06:00. The extensive search included farmlands in the Koedoeskop and Setaria areas, with the support of a helicopter and an information command centre in Koedoeskop. If anyone would like to get involved in searching for Mac, contact TFR director Pierre Loots on 083 603 5678.

This incident not only highlights the distressing nature of Mc Alister's disappearance but also the strength and compassion of the Thabazimbi, Rooiberg and surrounding communities in times of crisis.

Anyone with information on his whereabouts can contact his mother, Lizell Mc Alister, on 076 489 0185, and father, Mac Mc Alister, on 071 404 1604, Rooiberg warrant officer Johan Buys, or detective sergeant Klaas Ledwaba on 082 845 0650.

The response from the community has been overwhelming. People from all walks of life came together, offering a helping hand in the search for Mac. This unity demonstrates how adversity can bring people closer together, having compassion for others.

SUSPECTED FOOD POISONING CLAIMS LIVES OF TWO CHILDREN IN BRITS

Police in Brits have initiated an inquest following the tragic deaths of two children, aged three and 10. The investigation was launched after a suspected case of food poisoning occurred in Sonop, just outside Brits, on Friday, 17 November 2023. Reports indicate that a 32-year-old woman prepared a meal consisting of pap, chicken feet, and wheat for her family. Both the family and three neighbouring children ate the meal before going to bed.

In the early hours of Saturday, 18 November 2023, everyone that ate the meal started showing signs of illness, including vomiting. Despite the swift arrival of an ambulance, one child was pronounced dead at the scene. Others, including the woman who cooked the meal and the neighbor's children, were rushed to Brits Hospital for urgent care. Tragically, a second child succumbed at the hospital, and two more children were subsequently transferred to George Mukhari hospital for further treatment.

"Authorities are actively investigating the incident, including the collection and testing of food samples," spokesperson for SAPS, brigadier Sabata Mokgwabone said. This event adds to a growing list of similar incidents across the country, where children have fallen ill due to consuming contaminated food.

DESTRUCTIVE AND UTTERLY UNENLIGHTENED

In the early morning hours of Monday 20 November 2023, around 01:15, residents near the Thabazimbi cemetery were awakened by a loud bang. The following morning, the absence of power revealed that the noise was not caused by any supernatural occurrence. Instead, it appears an individual recklessly attempted to steal a length of cable using a hacksaw. This act is not only highly dangerous for the perpetrator but also causes significant harm to the local economy by vandalising vital electrical infrastructure. Such actions place an immense strain on households and businesses already coping with limited access to water and electricity during load shedding periods. By around 9 am the same day, a cherry picker and the municipality's electrical services team were on site to repair the damaged power line.

Vandalism of infrastructure creates a detrimental cycle. It hampers the municipality's ability to generate revenue and recover financially, leading to a reduced capacity to maintain infrastructure. This, in turn, negatively impacts the municipality's cash flow. At the end of the day, everyone in Thaba and surrounds bears the brunt.

The responsibility lies with our community to vigilantly protect our infrastructure. Working with the South African Police Service (SAPS) and local security groups is crucial to eliminate vandalism and theft, which deteriorate the quality of life in our town. The people of Thabazimbi have repeatedly demonstrated their solidarity in overcoming challenges related to water and electricity shortages, affirming their commitment to supporting each other through these difficulties.

In herinnering

STAY ALERT!

SA - Black Friday, 24 November, is notorious for its shopping deals. It is absolutely imperative to stay alert and minimise the risk of falling prey to Black Friday scams. Refrain from getting caught up in the emotional hype, large crowds, and chaotic shopping environments. Do not let your emotions and tunnel vision fuelled by greed or lack of information make you a target for scammers. When you spot a good deal, take a moment to investigate and reach out to the retailers directly.

Do not panic and overreact to unknown emails, SMSs, or any other form of communication. Instead, take a deep breath, exercise caution, research the information carefully, and then respond accordingly. Staying proactive and vigilant is the key to avoiding Black Friday scams.

Precautionary measures:

- Stick to well-known and trusted retailers, whether online or in-store.
- Be cautious of deals that seem too good to be true,

especially from unfamiliar websites or sellers.

- Make sure that the websites you visit have a secure connection (look for "https://" in the URL) and a padlock icon in the address bar.
- Beware of phishing emails and messages.
- Avoid clicking on links or downloading attachments from unknown sources.
- Legitimate retailers will not ask for sensitive information through email or text.
- When making online purchases, use credit cards or secure payment methods rather than debit cards.
- Credit cards often offer more consumer protection, and you can dispute unauthorised charges.
- Make sure you update your devices.
- This helps protect you from vulnerabilities that scammers may exploit.

- Before making a purchase, read reviews and ratings from other customers. This can provide insights into the reliability of the product and the seller.
- Regularly review your bank and credit card statements to identify unauthorised or suspicious transactions.
- Report discrepancies to your financial institution immediately.
- Stay informed about common scams and frauds.
- Awareness is a powerful tool in protecting yourself from potential threats.

- Provide your telephone number or a contact through which you can be reached in case emergency teams need to call back.
- Specify the exact location of the incident; include the road name and/or nearby landmarks. Providing an exact WhatsApp location is very helpful.
- Describe the type and severity of the emergency. For example, "Traffic accident, two cars, road obstructed, three people trapped," etc.
- Mention the number, age, and gender of the victims. For example, "One man, early sixties, conscious, with breathing difficulty, or profuse blood loss," etc.
- Inform about any hazards, such as gas, toxic substances, damaged power lines, or heavy fog or rain.
- Follow instructions, such as First Aid guidance, given by the control room operator or ambulance team on call.
- Save 086 178 9911 under AMBULANCE in your phone.

MINEWORKERS PROVIDENT FUND

committed to excellence

Mineworkers Provident Fund (MWPF) was established in 1989 and growing strong with R32.5 billion in assets, it remains focused on creating the retirement fund of choice. It is the Fund's aim to provide sustainable returns and superior benefits for its members.

Over the years, not only has the Fund been able to meet its investment objective of CPI + 4.5% over any consecutive five-year period, but the Fund has outperformed all industry peers (with the same investment objectives) over three, five and 10 years respectively. The Fund also stacks up favourably over one year as it remains in the top three Funds when compared to peers.

MWPF's winning formula is simple - tailored solutions and member centred product offerings. "We offer much more than just retirement benefits to ensure our members and their beneficiaries are well taken care of long after retirement or in unforeseen circumstances," explains Muziwandile Ndlovu, MWPF Chief Operating Officer and Business Development Executive. Having recently made some benefit improvements which include increasing the funeral benefit for member, spouse and children from R50 000 to R60 000, MWPF is always looking for ways to put their members first. MWPF's other benefits include:

Funeral Benefit After Retirement Age
If a member retires from the Fund, they continue to be covered for the funeral benefit of R60,000.

Family Assistance Benefit
• Bereavement: repatriation, funeral assistance, legal advice and bereavement counselling.
• Trauma: rape, assault, HIV counselling and Emergency Medical Services.

Disability Benefit
Permanently disabled members receive their full Fund Credit plus three times annual salary.

Death Benefit
Upon death of a member, the Fund credit plus three times annual salary is paid.

Retirement Benefit
The full Fund Credit is paid upon retirement to underground members aged 60 and other members aged 63.

Under section 27 of the National Environmental Management: Waste Act 59 of 2008, "No person may (a) throw, drop, deposit, spill or in any other way discard any litter into or onto any public place, land, vacant erf, stream, watercourse, street or road, or on any place to which the general public has access, except in a container or place specifically provided for that purpose. The Act also provides for fines to be issued to people contravening the law.

Over the past week, *Platinum Bushvelder* spoke with two troubled residents, both fed up by the persistent rubbish issue in Northam, particularly the illegal stalls and littering in Ruby and First Street, which escalates the problem. Periodically, large amounts of this litter are cleared, only to rapidly accumulate again.

One resident appealed to the Thabazimbi Local Municipality for a stringent enforcement programme, urging law enforcement to issue fines to those guilty of littering or illegal dumping. He emphasised the public's role in helping law enforcement identify offenders.

Questions arise: Why is there a passive acceptance of this litter? Why is waste only periodically removed in large quantities? As a start - why permit people and businesses to litter and pollute?

After consulting another perturbed community member, who also expressed her concerns on social media, *Platinum Bushvelder* relayed these community grievances (whilst maintaining anonymity) to the Thabazimbi Local Municipality. In response, the Municipality shared photos of their refuse collection trucks at work in Northam's extension 6 and promised attention to Ruby and First Street thereafter. This second concerned community member queried, "Why does the councillor for ward 8 fail to acknowledge and report this situation to the municipality?"

The issue extends beyond mere uncleanness. Growing evidence suggests that the environment significantly influences mental health.

Despite worrying unemployment rates, it remains crucial for business standards, encompassing safety, hygiene, and environmental stewardship, to be maintained, even in less formal settings.

For those seeking further clarification or intending to obtain formal permits to operate a stall, the TLM's Local Economic Development office located at 7 Rietbok Street should be visited. As an alternative, Mr. Maphoru at 082 459 1692 or Ms. Masoga at 083 507 0640 can be reached from 07:30 to 16:30.

Do you like fictional stories?

Fiction refers to any narrative work where the events and characters are imaginary, or at least not entirely based on fact. Fiction can broaden the imagination and serves as a form of escapism. However, some prefer non-fiction based on real events, facts, and information. With that said, is fiction your cup of tea?

Yes, I enjoy fictional stories. They often have a unique edge and immerse you in the narrative, enhancing your reading experience.

Albie Oosthuizen

Yes, I like fiction stories. They stimulate creative thinking while appealing to readers. Fiction stories can broaden your view on life.

Christ's Epistle

3 Do we begin again to commend ourselves? Or do we need, as some others, epistles of commendation to you or letters of commendation from you? 2 You are our epistle written in our hearts, known and read by all men; 3 clearly you are an epistle of Christ, ministered by us, written not with ink but by the Spirit of the living God, not on tablets of stone but on tablets of flesh, that is, of the heart.

The Spirit, Not the Letter

4 And we have such trust through Christ toward God. 5 Not that we are sufficient of ourselves to think of anything as being from ourselves, but our sufficiency is from God, 6 who also made us sufficient as ministers of the new covenant, not of the letter but of the Spirit; for the letter kills, but the Spirit gives life.

There are various negative factors that affect the mental health aspect of men, leading to many social problems.

November focus: encouraging men’s mental health

[Letter to the Editor]

We live in a space where men’s issues are overlooked by communities, but in order to create a better world with men who protect, it would firstly be necessary to validate their experiences and allow them to be vulnerable. There are various negative factors that affect the mental health aspect of men, leading to many social problems in our communities. These include, but are not limited to, unemployment, domestic violence, alcohol abuse, high rates of suicide, depression, and absent fathers. These problems result in emotional and behavioural challenges, unstable relationships with family and children, and high rates of children without father figures. For this month of November, we seek to encourage all men within the bounds of reach to know that talking to someone does not determine any weakness or take away one’s power, but instead it means you are strong enough to realise your capabilities, the need to call for help, and the willingness to grow into being a better person. This enables you to find meaning in your life.

One of the Thabazimbi Archery Club's many highlights, Dr Gary Bauer (left) and HJ Swanepoel won gold medals in their respective classes at the World Indoor Archery Competition (WIAC) held in London, UK in February 2023.

Last arrows set to fly for 2023!

Arrows shot at the Thabazimbi Archery Club during a virtual indoor competition.

Thabazimbi - Archery in Thabazimbi is a family-oriented and highly competitive sport. The Thabazimbi Archery Club aims to balance social aspects with a weekly gathering at the Koos Cronje Shooting Range. Every Tuesday from February until the end of November, archers gather for fun shooting and archery practice.

The Indoor season is a highly competitive aspect of target archery.

Indoor rounds are normally shot at 20 yards at targets mounted on butts. Indoor events are held in school halls and sports clubs across the country, combining to make archery a true year-round sport. The Thabazimbi Archery Club participates in the International Field Archery Association (IFAA) indoor standard round. This conducted indoors in a diversity of shooting styles with endless variations of equipment. Anyone may join, novice and experienced archers, and hunters alike. For the Individual qualification round, archers shoot 60 arrows at a distance of 20 yards. Each archer will shoot five arrows in four minutes on a five-spot face or a single face target.

Cubs will shoot at 10 yards. The archer may choose either the single spot or the five-spot target face.

Indoor archery is lots of fun, but for safety reasons, has a number of rules, such as:

- All arrows will be scored and recorded before touching or drawing any arrows.
- An arrow cutting through the line between two rings and touching the area of higher value shall be scored the higher value.
- Witnessed bounce outs or arrows passing completely through the target shall be re-shot.
- Hits on the wrong target will be scored as misses.
- An arrow dropped by an archer on the shooting line may be re-shot if it lies within 10 feet of the shooting line.

The last arrows for 2023 will fly at the Thabazimbi Archery Club on Tuesday, 28 November, starting at 17:45 for the Free State Indoor Competition, which will be held as a virtual competition. All scores across South Africa are submitted to the South African International Field Archery Association (SANIFAA). Winners will be announced on sanifaa.org.za. Contact Chris Welgemoed on 082 921 1218 for further details.

The Thabazimbi Archery Club wishes all archers and their families a blessed festive season!
