MAC MADE CONTACT!

Thabazimbi - In 'n vertoon van gemeenskapsolidariteit, is mense tot aksie gespoor volgende die verdwyning van die 23-jarige Mac Mc Alister. Toe die soektog na Mac begin het, is hy laas gesien in die vroeë ure van Maandag 20 November 2023, wat kommer oor sy welstand ontlok het. Maar goeie nuus was gou op die horison toe Mac se ma, Lizell Mc Alister, berig het dat Mac Saterdag 25 November kontak gemaak het met sy familie. Mac het aan sy ma genoem dat hy veilig was by 'n kusgebied, en is tans by sy suster in Pretoria. **Sien brief vanaf Mac se ouers op bladsy twee...**

PRIMARY SCHOOL LEARNER SERIOUSLY INJURED ON SCHOOL GROUNDS

Thabazimbi - On Wednesday, 22 November, a Grade 3 learner of Laerskool Thabazimbi suffered life-changing injuries when his left hand was mauled by the blades of an industrial lawnmower on the school grounds during break time.

The details surrounding the accident remain unclear; however, it is known that the boy lost all the fingers on his left hand and severely damaged the palm. The severity of the injury necessitated immediate medical attention. The child was transported to Life Peglerae Hospital in Rustenburg, where he underwent extensive reconstructive surgery.

On Tuesday, 28 November, *Platinum Bushvelder* spoke with the chairperson of the school's governing body. The chairperson revealed that an independent

investigation into the accident has been initiated, and that the results and findings will be shared upon completion.

Regarding the wellbeing of the learners affected by the traumatic event, a notice from the school to the parents reads: "Counselling is an ongoing process, and any pupil in need of guidance or professional assistance is welcome to contact the school counsellor".

This incident has raised concerns about safety in school environments and highlighted the need for stringent safety measures to protect children. The community will be updated with any further details from the ongoing investigation. Our thoughts and prayers are with the boy and his parents. We hope that they will get all the support they need during this challenging time and the long road ahead of them.

TAR really needs your help

Thabazimbi – There is a special plea to the community of Thabazimbi to support Thabazimbi Animal Rescue (TAR), your local animal shelter. TAR needs donations of food. The facility is filled with animals that need your help. Please assist TAR to feed the animals in their care. Without donations they will not be able to feed, home and medically treat the animals. The community has proven time and again how they can stand together and support this worthy cause and this time is no exception.

For more information, please contact TAR on 084 885 6487.

Would you climb Mount Everest?

Mount Everest, the tallest mountain in the world, has an official height of 8,848.86 metres above sea level. If all your expenses were sponsored, would you take it on?

No, I can just imagine it is a beautiful sight to see, but since I am not a winter person and Mount Everest reaches about -23 degrees, the weather would definitely not be in my favour. I get cold very easily and don't think I would manage to reach the top. Give me warmer weather, and I will go hiking with love!

Dajana Havenga

Yes. Most definitely, sounds like a good challenge to test my limitations.

The Light of Christ's Gospel

4 Therefore, since we have this ministry, as we have received mercy, we do not lose heart. 2 But we have renounced the hidden things of shame, not walking in craftiness nor [a]handling the word of God deceitfully, but by manifestation of the truth commending ourselves to every man's conscience in the sight of God. 3 But even if our gospel is veiled, it is veiled to those who are perishing, 4 whose minds the god of this age has blinded, who do not believe, lest the light of the gospel of the glory of Christ, who is the image of God, should shine on them. 5 For we do not preach ourselves, but Christ Jesus the Lord, and ourselves your bondservants for Jesus' sake. 6 For it is the God who commanded light to shine out of darkness, who has shone in our hearts to give the light of the knowledge of the glory of God in the face of Jesus Christ.

Sweat itself is odourless, but it can start to smell when it meets bacteria on the skin. The type of bacteria on your skin and how it interacts with sweat is what leads to body odour, which can range from sweet to sour or tangy to onion-like.

SANBS URGES SOUTH AFRICANS TO DONATE BLOOD AHEAD OF THE FESTIVE SEASON

SA - The South African National Blood Service (SANBS) is an independent non-profit organisation and one of the leaders in the discipline of blood transfusion. SANBS operates in eight out of nine provinces in South Africa (except for the Western Cape, where the Western Cape Blood Service operates). It also provides crucial support to countries in the SADC region.

SANBS supplies over one million blood products annually and is rated among the top blood services in the world. This pedigree comes from world-class testing and collection protocols that ensure that the blood transfused is always top-quality.

The South African National Blood Service (SANBS) needs blood donations as blood stock levels decrease, posing a severe risk to patients in need.

Since the implementation of the new digital donor questionnaire, aimed at streamlining the donor registration process, which took place on Tuesday 7 November 2023, SANBS has seen a steady decline in blood donations, with blood stocks currently sitting at only 1,8 days' supply, pushing the available blood to critically low levels across the country. This blood shortage may affect the lives of numerous individuals reliant on blood transfusions. The technical issues experienced with the implementation have since been resolved, and donors can look forward to an enhanced donor experience.

The strain on the blood supply impacts patients relying on blood transfusion and undermines the preparedness to handle unforeseen emergencies, creating an alarming ripple effect at healthcare facilities. "We are facing a critical shortage of blood and urgently call upon all South Africans to band together to get through this challenging period. The demand for blood remains constant, yet our current supply falls short of meeting this ongoing need. As we approach December, our donations are expected to decline due to the closures of workplaces and schools/ tertiary. Should this decline continue, our ability to meet the needs of patients will be severely negatively impacted," said Thandi Mosupye, SANBS senior manager for marketing, communication, and brand.

Donating blood is a safe process that takes only 30 minutes. SANBS urges all eligible and healthy individuals to visit their nearest donation site and contribute to this life-saving cause. Every donation matters and holds the power to save lives, and each contribution is a lifeline to someone desperately in need.

To donate blood using the new digital donor questionnaire and register on the new system for the first time, a copy of your Identity document must be presented; you must be between the ages of 16 and 75, weigh more than 50 kg and be in good health.

If you meet these requirements, find your nearest donation site by visiting the Donor Centre map on the SANBS website or contact 080 011 9031 or follow SANBS on its official social media platforms: Twitter (@theSANBS); Facebook (@SANBS) and Instagram (@thesanbs).

MOTHER AND DAUGHTER SHOT IN COLD BLOOD

Brits - Paul Prinsloo (61) appeared before the Brits Magistrates' Court on Wednesday 29 November 2023, for the alleged domestic violence-related double murder of his wife, Catherina Magdalena Prinsloo (58), and stepdaughter, 31-year-old Ruzanne Weideman. He was remanded in custody until his next court appearance on Wednesday 6 December.

"The accused's court appearance emanated from an apparent domestic violence incident reported at about 14:30 on Monday 27 November, in Kosmos, Hartbeespoortdam. Allegedly, the accused was involved in an argument with his wife and stepdaughter. He then took a hunting rifle and shot both women, who were declared dead at the scene by Emergency Medical and Rescue Services (EMRS). Paul Prinsloo was arrested on the scene, shortly after the incident. The motive of the incident is yet to be determined," said police spokesperson colonel Adelé Myburgh.

The provincial police commissioner, lieutenant general Sello Kwenia, is appalled by the incident, which occurred at the beginning of the 16 Days of Activism For No Violence Against Women and Children, and at the victims' own home where they were supposed to feel safe. Regrettably, the crimes were perpetrated by someone who was supposed to be their protector. He urged the public to work together with the police and various stakeholders to accelerate actions to end Gender-Based Violence and Femicide (GBVF).

How is it possible? [Letter to the Editor]

Given the ongoing water crisis in Thabazimbi, it's challenging to comprehend how a two-person household could accumulate a monthly water bill of R2,000. My records clearly indicate frequent requests for water from trucks, as conventional water supply is rarely available. This situation raises the question: How is a bill of R2,000 being generated? I am aware that we are not alone in facing this issue. I strongly encourage all residents to photograph their water meters and meticulously track the readings to better understand and address this discrepancy.
