Thabazimbi – This year's 'Ride for a Child' charity motorbike event, organised by Pediatric Care Africa, has once again brought communities together in a remarkable display of solidarity and support. Among the many stops across this 7,000 km journey across South Africa, Thabazimbi stood out as a location where locals rallied to show their support for underprivileged children in need of medical care.

The event kicked off on the 11th of February 2024, embarking on an adventure that is not only a test of endurance but also a lifeline for those it seeks to help. When the ride reached Thabazimbi on Tuesday, 13 February 2024, the team, led by Doctor André Hattingh, CEO and founder of Pediatric Care Africa, was greeted with warmth and enthusiasm by supporters like Medhof Apteek and other local businesses.

Dr. Hattingh shared his heartfelt sentiments about the journey through Thabazimbi: "Thabazimbi was an absolute highlight on our ride around South Africa. It's challenging to find a community more friendly and supportive anywhere else."

The 'Ride for a Child' event symbolises more than just a charity ride; it represents a collective effort to make a real difference in the lives of children requiring surgeries and medical treatments. As the journey progresses towards its grand finale on the 24th of February, it aims to set a world record for the most motorbikes riding in staggered formation. The crescendo of this awe-inspiring ride will unfold 50km before the Caltex Mentors Plaza, stretching between Storms River and Jeffreys Bay on the N2.

7,000 km journey of hope and healing

RIDING THROUGH THABAZIMBI:

a community united for children's health

In a heartwarming blend of compassion and adventure, Doctor Hattingh brought a ray of sunshine to Thabazimbi. Not only did he pay a special visit to the hospital to see the grandchild of Marlene Annandale, a beloved local, but he also took Marlene on an exhilarating motorcycle ride through the community. This gesture, culminating in Marlene receiving a commemorative badge, symbolised a powerful message of support and camaraderie – one kilometre and one smile at a time!

Thabazimbi/ Regorogile – Local authorities are urgently seeking assistance from the community in locating 65-year-old Israel Diboko, a resident of Regorogile Extension 4, who has been missing since Friday 2 February 2024. Sergeant Maphure Manamela reports that Israel Diboko left his home with the intent of visiting a local pharmacy healthcare centre in town to collect his medication. 15-YEAR SENTENCE TO RHINO POACHING SYNDICATE MEMBERS

Mandla Mbosheni (37) Edias Chippa (45) Amos Moyane (45) Senzo Chabalala (35)

Thabazimbi – In a significant ruling on Tuesday 6 February 2024, the Thabazimbi Regional Court handed down a 15-year imprisonment sentence to four individuals involved in the illegal hunting of specially protected animals within the Lephalale policing area. The accused, identified as Amos Moyane (45), Senzo Chabalala (35), Mandla Mbosheni (37), and Edias Chippa (45), were implicated in a notorious rhino poaching operation. Their capture was a result of a coordinated effort by law enforcement, following a tip-off that led to their arrest on 30 October 2021 in the Hoopdal policing area. Colonel Malesela Ledwaba detailed how the suspects were apprehended for conspiring to poach rhinos and for the illegal possession of firearms and ammunition. The arrest was executed by the Stock Theft and Endangered Species Unit (STES), Thabazimbi Reservists, and Hoopdal Police, who seized an array of poaching equipment including firearms, ammunition, a silencer, and knives. Further investigations solidified the group's involvement through DNA evidence linking them to a rhino poaching incident in the Gravelotte policing area.

The court convicted the men on multiple counts, leading to their comprehensive sentencing:

- Count 1: Conspiracy to hunt and poach rhinos, dehorn them, and trade their horns: 15 years imprisonment.
- Count 2: Hunting of a specially protected animal: 15 years imprisonment.
- Count 3: Prohibited acts concerning wild and alien animals: 15 years imprisonment.
- Count 4: Prohibited acts relating to firearms: 15 years imprisonment.
- Count 5: Possession of prohibited firearms: 10 years imprisonment.
- Count 7: Possession of ammunition: 10 years imprisonment.
- Count 10: Possession of dangerous weapons: 5 years imprisonment.
- Count 11: Illegal entry into South Africa without a valid passport: 90 days imprisonment.

The sentences for counts 1, 2, 3, 4, 5, 7, 10, and 11 will run concurrently for the first and third accused. Major general Jan Scheepers, acting provincial commissioner of Police in Limpopo, commended the diligent efforts in securing these convictions, underscoring the commitment to preserving South Africa's wildlife and holding those who seek to harm it accountable. The sentencing marks a notable victory in the fight against rhino poaching in the region, sending a strong message to potential poachers about the severe consequences of engaging in such illegal activities.

Thabazimbi launches smart prepaid water meters against a backdrop of community debate

Thabazimbi – The Thabazimbi Local Municipality (TLM), in collaboration with Northam Platinum's Zondereinde Mine, has embarked on the rollout of smart prepaid water meters, a move receiving mixed feedback from the community.

"This initiative, supported by the National Government as part of a broader Debt Relief Programme, aims to introduce a cost recovery system for water usage," a TLM statement reads on 7 February 2024.

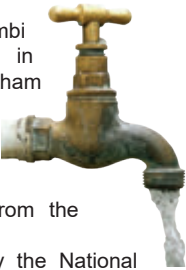

The decision to install prepaid meters is framed as a strategy to enhance municipal revenue collection and manage the debt owed to Magalies Water, while also allowing residents to monitor and control their water consumption.

However, this initiative has not been met without scepticism. Community members have voiced their concerns on social media, questioning the timing and effectiveness of installing smart meters in a region grappling with frequent water shortages. Some residents go weeks on end with water shortages. Queries also extend to the implications for households relying on borehole water.

So far, the installation of prepaid water meters has been successfully completed in several areas, including Northam Extensions 2 and 6, Mojuteng, Lefika, Northam Town, Wildebeeslaagte, and Thabazimbi Group 5.

The rollout will continue across more regions within Thabazimbi, including Extensions 7, 17, 18, 31, 32, 35, 37, and 47, as well as Mircomatica, Hibiscus, Platinum Houses, and Bosveld Park.

As this initiative unfolds, the dialogue between the municipality and its residents remains crucial in addressing concerns and ensuring the community's needs and reservations are considered.

No. I take things slow. I have many friends who are girls, but unfortunately, they live too far away for me to go on a date with them. So, Valentine's Day was a bit boring for me.

Did you know?

A year is not precisely 365 days long; it's actually about 365.24 days (in alignment with the Earth's journey around the sun). This extra .24 day might not seem like much, but over time, it adds up, creating a leap year every four years!

The rule of thumb for identifying a leap year is pretty straightforward but comes with a twist. If a year can be evenly divided by four, you can bet it's a leap year, brimming with 366 days instead of the usual 365.

However, just when you think you've got it figured out, the plot thickens for century years (those ending in "00"). These years need to pass an extra test and must be divisible by 400 to claim the leap year title. That's why the year 2000 was a party for leap year enthusiasts, while 1900 was just a regular year, sitting out the leap year festivities.

Thanks to these quirky rules, we get an extra day attached onto February every four years, making it a 29-day month. Ever heard of the tradition where women take the lead and propose to men on this day? Yes, leap day has its own fun, if only for 24 hours!

For those rare individuals born on February 29th, known affectionately as "leaplings," birthdays are a quadrennial affair, at least officially. But don't worry; they're free to celebrate on February 28th or March 1st in off years. Imagine the party when it's the real deal!

Let's embrace 2024 as a leap year!

RHINOS CHARGE AHEAD: A triumphant Saturday in Stilfontein!

Players from both teams showcase their skill and determination in a dynamic display of rugby action!

Setaria – The Northam Platinum Rhinos charged through the defences of the Stilfontein Hurricanes like a hot knife through butter on Saturday 10 February 2024. The spectacle kicked off with the third team of the Rhinos, who set the tone for the day with a resounding victory of 36-7. Not to be outdone, the second team took to the pitch with fire in their eyes and a storm in their hearts, decimating the Hurricanes with an astonishing 69-0 win. As the sun began to dip lower in the sky, the first team emerged. Percy Williams, who was later crowned ‘Man of the Match,’ danced through the defence, orchestrating plays that seemed to be from another dimension! The Rhinos first team sealed the day with an epic 75-24 victory, leaving fans and foes alike in wonderment at their skill and determination. But the Rhinos are not resting on their laurels. The air in Setaria is thick with anticipation as all three teams are set to lock horns with the formidable Northam Wolverines on Saturday, 17 February 2024, at the Bushveld Park, Setaria. The kickoff is scheduled for 12:45, promising an afternoon brimming with top-tier rugby action! The chairperson of the Northam Platinum Rhinos Rugby Club extended a warm invitation to all, stating, “This is more than a game; it’s a gathering of community, spirit, and passion. Telkom and Mr. Airtime’s gift to Mabogopedi

Thabazimbi – In a heartwarming display of community support, Aubrey Senyolo, famously known as Mr. Airtime, in collaboration with Telkom, made a significant contribution to Mabogopedi Secondary School in Thabazimbi on Friday 2 February 2024. Sparked by Mr. Airtime’s passionate proposal to Telkom in December 2023, the initiative aimed to equip the learners with essential resources to enhance their educational journey. Originally intending to donate school shoes, the collaboration took a turn when Telkom generously decided to provide a different form of support – stationery. This gesture underscores the shared commitment between Mr. Airtime and Telkom to bolster community welfare, with a particular focus on empowering the next generation through education. Kgomoitso Zimanse, senior specialist: PR at Telkom, expressed, “Our stationery donation to kick-start the academic year at Mabogopedi Secondary School is a testament to our dedication. In a world where education transcends boundaries, Telkom acts as a bridge, ensuring that students step into their academic pursuits with confidence and the necessary tools for success.”
