Owl Rescue Takes Flight from Northam to Safety

Northam/ Hartbeespoort – A heart-warming story of courage and compassion unfolded on Friday 8 August 2025, when a barn owl with a fractured wing was rescued in an extraordinary cross-province operation — complete with an airplane and a community united by care.

The call for help came from Mel, who discovered the injured owl near Mawala Lodge outside Northam. Recognising the urgency, Brendan Murray, co-founder of the Owl Rescue Centre (ORC), took to the skies from Kroon Airfield to ensure the bird received medical attention as quickly as possible. “The faster an animal gets the help it needs, the greater the chance of a successful rehabilitation and release,” explained Danelle Murray, ORC’s co-founder and director.

Mawala Lodge graciously granted Brendan permission to use their small airstrip — a gesture that turned what could have been a long, stressful road trip into a two-hour, life-saving mission. Upon landing, Mel met Brendan on the airstrip, carefully transferring the owl into a special soundproof

At the centre, veterinarians confirmed the owl’s wing was fractured, likely from a collision with a fence or vehicle — a common risk for these nocturnal hunters. Thanks to prompt care, the owl is now healing well and expected to make a full recovery before being reintroduced to the wild through a gradual soft-release programme.

“We believe in the intrinsic value of every single life,” says Danelle. “When an animal is in distress,

Thabazimbi on Alert:

Measles Cases Rising Fast

Thabazimbi – Local doctors and pharmacies have confirmed to *Platinum Bushvelder* that Thabazimbi is currently experiencing a measles outbreak, with many residents already infected. Community members are urged to take immediate precautions and seek medical attention if symptoms appear.

Measles is a highly contagious viral infection that primarily affects the respiratory system. It spreads through coughing, sneezing, or direct contact, and the virus can remain active in the air or on surfaces for up to two hours — meaning that even brief exposure can lead to infection.

Early symptoms typically develop 7–14 days after contact with an infected person and may include:

- High fever
- Runny nose
- Cough
- Diarrhoea
- Red, watery eyes (conjunctivitis)

Two to three days after these initial symptoms, tiny white spots (Koplik spots) may appear inside the mouth. A rash usually follows 1–2 days later, lasting about five days — starting behind the ears and on the neck, then spreading to the face, body, arms, and legs.

Doctors urge residents to:

- Isolate anyone showing symptoms to prevent further spread.
- Do not send sick children to school.
- Drink plenty of fluids and rest.
- Consult your doctor, clinic, or pharmacist immediately if you suspect measles.
- Use medication to relieve symptoms such as fever, cough, or diarrhoea.
- Note that antibiotics are only needed for secondary infections like bronchitis or ear infections.

Prevention is key: ensure that your child's vaccinations are up to date. The measles vaccine is safe, effective, and remains the best protection against infection.

Local health professionals emphasise that early detection and community awareness are crucial to stopping the spread. If you or your family show any symptoms, please visit your doctor, hospital, clinic, or pharmacy without delay.

PUBLIC NOTICE; INTERESTED AND AFFECTED PARTIES: AMENDMENT OF THE ENVIRONMENTAL MANAGEMENT PROGRAMME REPORTS (EMPRs) FOR SIYANDA BAKGATLA PLATINUM MINE (PTY) LIMITED

NOTICE NOT FOR JOB APPLICATIONS

Siyanda Bakgatla Platinum Mine (Pty) Limited (SBPM) is applying to amend its approved EMPrs with reference NW30/5/1/2/3/2/1/365 & 366 EM in terms of Regulation 28 and 31 of the National Environmental Management Act, 1998 (Act 107 of 1998) (NEMA), amended Environmental Impact Assessment Regulations, 2014 (Government Notice No. 982) (EIA Regulations), to implement activities associated with Project Marlin. Project Marlin will be undertaken in partnership with Samancor Nooitgedacht Open Cast Pit Operation (Samancor), under which Samancor will mine chrome ore, while SBPM will process the run-of-mine (RoM) ore, at its repurposed Ivan concentrator plant. The project will involve transporting RoM chrome ore from Samancor's opencast operation to SBPM's opencast RoM pad and existing Ivan concentrator plant via both new and existing road and rail infrastructure. The RoM ore will be crushed and screened at the existing facilities before the chrome mineral will be recovered at the new portable chrome processing plant to be installed at the repurposed mothballed Ivan Plant/Concentrator. Chrome concentrate from the new plant will be stockpiled at the existing product handling facility, while tailings will be reprocessed for PGMs, at the Mortimer Concentrator before being disposed of at the existing mine's tailings storage facility (TSF). Existing pipeline routes, with minor modifications (new and pipeline extension) will be utilised for transporting product and tailings from the chrome processing plant to the stockpile area and TSF. Similarly, existing routes and pipelines will be used to supply process water to the new chrome processing plant.

All proposed activities for Project Marlin fall within the NEMA listed activity thresholds. The proposed project will include construction of a chrome recovery (processing) plant, as well as recommissioning of a number of facilities/infrastructure (RoM and Product stockpiling facilities and product and tailings pipelines). The project will also involve transporting RoM chrome ore from Samancor's opencast operation to SBPM's processing facilities. These proposed changes will occur on **Portions 1 and 2 of the farm Zwartklip 405 KQ, the remaining extent of the farm Turfbult 404 KQ, and portion 2 of the farm Nooitgedacht 406 KQ** within the Waterberg Magisterial District and Bojanala Magisterial District.

Geovicon Environmental (Pty) Ltd has been appointed as the independent environmental consultant company to compile and submit an application for the amendment of the EMPrs and to conduct consultation with interested and affected parties regarding the above application.

The EMPrs Amendment Report will be available for public perusal at the Mogwase Library and Northam Library from 24 October 2025 to 24 November 2025.

As part of the Public Participation Process (PPP), as stipulated in Chapter 6 of the amended Environmental Impact Assessment Regulations, 2014 (Government Notice No. 982), any person who is interested in, or affected by the above-mentioned project is hereby invited to register as an Interested or Affected Party, and to comment on the EMPrs Amendment Report. With registration, the party's interest in the project must be declared. HAVE YOUR SAY

POLL

Would you say YES to dancing in the rain?

Some say life's best moments happen when you forget the rules — like splashing through puddles and laughing under a grey sky. Would you grab your boots and join in, or stay cozy and dry? Tell us — are you the "dance in the rain" type?

Did you know?

In South Africa, owls face their greatest danger not from predators — but from people. Studies show that dozens of owls die every year on highways, especially along the N1 and N4 routes, struck by speeding vehicles as they swoop low to hunt. Others perish after eating poisoned rats, victims of human pest control. These silent hunters, symbols of wisdom, now fall victim to the world they silently protect. Each feather left on the tar is a reminder that our roads are claiming the night's guardians.

THE CIRCUS IS IN TOWN!

McLaren Circus brings 20 years of magic, laughter and lions to Thabazimbi!

Thabazimbi – Get ready to laugh, gasp, cheer and clap until your hands hurt, because McLaren Circus, South Africa's very own big top spectacular, is rolling into town for two days only!

Celebrating 20 years of circus magic, McLaren Circus will pitch its famous red-and-blue tent at Thaba Park, Van der Bijl Street, on Monday, 27 October, and Tuesday, 28 October 2025, with shows starting at 6 PM sharp.

This year's highlight is the incredible Russian Swing, performed by the international troupe X-Mak from Mongolia. Their heart-stopping act combines strength, balance and breathtaking mid-air somersaults that will leave audiences on the edge of their seats. From daring acrobats to graceful performers, from roaring tigers to giggling clowns, this is the kind of show that reminds everyone, young and old, that a little bit of wonder goes a long way.

The team at McLaren Circus shared their excitement with the *Platinum Bushvelder*. "We can't wait to share our 20th anniversary celebration with the people of Thabazimbi. Every town we visit becomes part of our story, and Thabazimbi is next in line to make memories with us," they said.

Behind all the colour and music lies a story of passion, perseverance and pure heart.

It all began on 24 March 2005, when a 21-year-old dreamer named David McLaren followed

his lifelong passion and started McLaren Circus in a small hired tent at Blue Route Mall in Tokai, Cape Town. That first tent seated just 150 people. With a handful of artists from a local circus school, David took the ringmaster's spot while his brother Duncan performed as the clown.

From those humble beginnings, the circus has grown into one of South Africa's most beloved family traditions. Over the years, McLaren Circus has faced storms, triumphs and countless smiles. Today, it remains the only traditional travelling circus in Southern Africa, proudly touring all nine provinces without any sponsorship, relying entirely on the support of local communities.

Commitment to Animal Welfare

McLaren Circus has always upheld a strong commitment to the care and wellbeing of its animals. Every animal receives love and attention around the clock. The circus consults regularly with veterinarians across South Africa to maintain the highest standards. Each animal enjoys a balanced diet, fresh drinking water, regular exercise and ongoing stimulation through training and enrichment. Their wellbeing remains at the heart of every performance.

Tickets are available online at www.mclarencircus.co.za or at the circus ticket office from 12 PM on show days. For more information, WhatsApp 082 747 5726.

Spotting fraud before it's too late

As we head into the last stretch of the year, many households are preparing for school holidays, family gatherings, travel plans, and the early stages of festive season shopping. In addition to an increase in day-to-day spending, this unfortunately also means more opportunities for fraudsters to target unsuspecting individuals.

"As we enter the final months of the year, it's important for individuals to remain alert to scams and fraudulent activity. Fraudsters know that this is a time when people are more relaxed, distracted, or busy with family plans, making them more vulnerable to scams. Protecting yourself comes down to awareness, caution, and using the secure tools your bank provides," says Dhashni Naidoo, Consumer Education Programme Manager at FNB.

Why this time of year matters

According to the South African Banking Risk Information Centre (SABRIC), digital banking fraud incidents more than doubled from 31,612 cases in 2023 to 64,000 in 2024, with financial losses exceeding R1.4 billion.

While it isn't December yet, transaction volumes are already on the rise as families prepare for Black Friday, holidays, school breaks, and upcoming events. Fraudsters know this, and they use the increased pace of life and our moments of distraction to their advantage.

Naidoo also stresses that education and awareness are your best defences. "The more you understand how scams work, the less likely you are to be caught off guard. It's about building simple but consistent habits that make it harder for fraudsters to succeed. Small, everyday habits like always verifying text messages, links, or calls through your bank's official channels can go a long way in keeping your finances safe."

How scammers use social engineering to sneak in

FNB's Head of Card Transact, Industry and Fraud Detection Chris Boxall says fraud has become more than just card skimming or stolen details. It's about criminals inserting themselves into your daily life, through social engineering, especially when you're already juggling bigger financial commitments.

Social engineering refers to the act of psychologically manipulating victims into performing actions or divulging confidential information. And, when scammers use this strategy, the trickery often begins with something that feels normal: a routine-looking SMS, a WhatsApp alert, or even a phone call from someone claiming to be from your bank. Fraudsters use these otherwise ordinary platforms to manipulate unsuspecting members of the public into giving them unauthorised access to bank accounts, money, and other important assets. They often achieve this through tactics like:

Practical ways to protect yourself

FNB encourages consumers to combine vigilance, education and awareness, and smart banking habits with secure tools:

- **Pause before you act:** If a message or call feels rushed or suspicious, stop and think about your next move.
- **Verify directly:** Contact FNB through the official number which is 087 575 9444 or the FNB Banking App instead of responding to unsolicited requests.
- **Protect sensitive data:** Never share PINs, passwords, or OTPs, no matter who asks. And remember that legitimate FNB staff will never, under any circumstances, ever ask you for this information.
- **Bank with extra layers of safety:** The FNB Virtual Card offers added protection for online purchases because it has a dynamic CVV, it's temporary, merchant-specific, and can be locked immediately after use.
- **Stay informed in real-time:** Turn on Smart Alerts in the FNB Banking App so you can receive instant updates on your transactions.

• **Phishing:** emails disguised as communication from your bank or South African Revenue Service (SARS), often promising tax refunds

• **Vishing:** calls where imposters pose as bank staff and pressure you for sensitive information

• **Smishing also known as Messaging scams:** on WhatsApp or SMS that push urgent links or payment requests

• **Quishing:** scams using QR codes that redirect to fake websites

More than 63% of cases reported by SABRIC involved the stealing of personal information through emails, fake websites, social media or text messages (phishing), or through phone calls or voice messages (vishing), or other related scams.

"Scammers are becoming increasingly sophisticated in the ways in which they execute social engineering. From phishing and vishing to fake WhatsApp messages and suspicious texts, they exploit our trust, our busy schedules, and even our sense of urgency or panic," adds Boxall.

Boxall warns that tax season adds another risk. "Fraudsters know many South Africans are expecting communication from the South African Revenue Service (SARS) about returns or funds. They use this to send out convincing emails or SMSs with fake links. Always double check using official SARS or bank channels."

"Awareness is your first line of defence against fraud" says Boxall. "And, with a combination of vigilance and the right tools, you can keep yourself safe from fraudsters."

"The more informed you are about how scams work, the better equipped you are to stop them before they start. As a bank, we believe that helping our customers by empowering them with knowledge is just as important as providing secure banking tools. Yes, an FNB Virtual Card or our Smart Alerts can give you peace of mind. But the real difference comes when you make fraud awareness part of your everyday routine. That's especially important as we head toward the busy year-end period," he concludes.

HOOKED ON HELPING

SAVF Thabazimbi's Fishing Competition Makes Waves!

Thabazimbi – The annual SAVF Thabazimbi Fishing Competition, held on Saturday 27 September 2025, proved once again that a good catch goes beyond the fish! With rods ready and spirits high, anglers of all ages gathered for a fun-filled day of community, laughter, and purpose.

The calm waters reflected more than just sunshine — they mirrored the unity and generosity of a community standing together for a cause. Each cast, each tug on the line, and each ripple in the

dam helped raise funds for SAVF Thabazimbi, the non-profit family organisation dedicated to supporting local families and children in need. From proud young anglers to seasoned pros, the competition was a joyful mix of skill and excitement. Friendly rivalries unfolded, fish tales were born, and memories were made — all while lending a helping hand to those who need it most. **SAVF Thabazimbi extends heartfelt thanks to its amazing sponsors and donors for turning this day into something truly special: Roots,**

Thanks to your kindness, the lines of hope and compassion stretch even further across our community. Until next time — tight lines and full hearts, Thabazimbi!
