## VAPING CRISIS

### Nearly 1 in 3 Matrics Now Addicted

(All information provided by specialist investigator Mike Bolhuis)

**Platinum Bushvelder newspaper** – A major University of Cape Town study has revealed shocking vaping levels among South African learners, and experts warn the trend is spreading faster than expected.

- 16.8% of high school learners currently vape.
- In Grade 8, around 9% already use vapes.
- By Grade 12, usage rises to 29.5% — nearly one in three matrics.

Researchers caution that vaping is now filtering into primary schools, where younger children are increasingly found with e-cigarettes.

Most teen vapers use nicotine-based products, with many showing strong signs of addiction, including vaping shortly after waking up. Despite common myths, vaping is not harmless — health risks include lung damage, nicotine dependence, and negative effects on learning, mood, and concentration.

Parents, teachers, and communities are urged to speak openly with young people, recognise the signs, and seek help early if a child is already dependent.

## 14 MONTHS OF FAITH

### A new chapter for the Van der Walts

*Platinum Bushvelder newspaper | Thabazimbi* – After 14 months of emotional strain, prayer, uncertainty, and unwavering resilience, the long-running assault case involving Leon and Monique van der Walt has finally come to an end. The matter, previously postponed to 17 November 2025, has now been finalised.

For readers who may not have followed the earlier proceedings: Leon was allegedly assaulted in September 2024 during an incident that left him seriously injured and required extensive medical care. The case drew significant community attention as the family sought justice while Leon focused on recovery.

Monique shared a heartfelt message of gratitude, reflecting on the difficult road they have walked. “We have been through so much over these 14 months. We learned, lived by faith, trusted God, and never gave up. We accept the outcome and have peace with the decision,” she said.

She extended deep appreciation to the community for its constant support, as well as to the medical teams who cared for Leon throughout his recovery. “Thank you to Dr Buys and all the medical personnel at Thabazimbi State Hospital and Polokwane State Hospital for your care and compassion. Thank you to the Thabazimbi Magistrate’s Court for assisting with the case, and to everyone involved in Leon’s journey.

“To Ma Hanlie, Oom Christo, and Tannie Wendy — thank you for being at every court appearance. To everyone who prayed with us and encouraged us when we were emotionally exhausted, we appreciate you more than words can express.”

Although Leon is still on the road to recovery, Monique says they trust completely in God’s timing and grace. With the matter now officially finalised, the Van der Walt family can finally begin turning the page — carrying with them the strength, lessons, and faith that carried them through.

# R511 Horror Morning

## One fatality, several injured

*Platinum Bushvelder newspaper | Thabazimbi* – Emergency responders had a difficult start to the day on Friday, 21 November 2025, when two separate incidents occurred within minutes of each other on the R511.

In the first incident, reported at around 06:00, a bakkie overturned, leaving four occupants injured to varying degrees. Two individuals escaped unharmed, another sustained minor injuries, and a fourth patient suffered serious injuries requiring urgent transportation to hospital for further medical care.

Just half a kilometre further, responders were called to a second, separate scene where a pedestrian — reportedly walked in front of an oncoming bakkie. The pedestrian sadly died on the scene. Limpopo State Pathology attended to the fatal incident. No additional injuries were reported in this accident.

Pierre Loots, CEO of Thaba Fire and Rescue, expressed deep sympathy on behalf of the entire team: “Our heartfelt condolences go to the family of the deceased. We also wish all the injured a full and speedy recovery.”

Thaba Fire and Rescue, State Ambulance, P&K Towing and Recovery, Limpopo State Pathology, and the Northam Police responded swiftly to both emergencies.

# Overcoming Three Energy Hurdles Threatening SA Farms

“South African farmers are facing some of the toughest operating conditions in the world,” says Richard Flamand, Country Lead at Candi Solar. “Our interactions with farmers across the country have highlighted three major energy hurdles – and the innovative solar solutions already available to overcome them.”

### 1. Unreliable and Expensive Energy

Modern farming depends on stable power for irrigation, cooling, processing and security. But outdated rural grids, infrastructure failures, and theft are causing outages lasting hours or even days. Diesel generators — once used only in emergencies — have now become an expensive lifeline, with fuel costs climbing sharply. Electricity tariffs are rising by more than 24% over the next three years, squeezing already-thin profit margins. “One crop farmer told us they spend over R248,000 on electricity in a single month,” says Flamand. “Costs just keep rising, and these Eskom hikes are unsustainable.” New tariff structures, especially unbundled charges and high generation capacity charges (R/kVA), make grid power even less attractive — particularly during seasonal peak demand periods. To regain control, farmers are increasingly turning to hybrid solar energy systems. These systems improve reliability, reduce energy bills, and shield farms from unpredictable price hikes. “Our solar solutions are designed around each farm’s needs and supported by expert design, finance, installation, maintenance and 24/7 monitoring,” Flamand explains. With potential cost reductions of up to 50%, these systems offer immediate financial relief and long-term stability. Performance-linked finance models further reassure farmers that they only pay for systems that deliver real results.

### 2. Limited Access to Finance That Fits Farming Seasons

Traditional financing options — self-funding, bank loans, or PPAs — often fail to account for farmers’ seasonal cash flow and expose farmers to unnecessary risk. Self-financing gives farmers ownership, but demands large upfront capital that could be used instead for crop inputs, labour or equipment. Bank loans require fixed monthly repayments and collateral, making cash flow tight during low-income months. Both options place full responsibility for system performance, repairs and maintenance on the farmer — even if the system underperforms. PPAs remove upfront costs and risk, but farmers lose out on the Section 12B incentive, including the ability to write off 100% of the system cost in the first year. Long-term independence is also limited, and pricing remains tied to the provider.

“These models simply don’t reflect farming cycles,” says Flamand. “Farmers need financing that aligns with how and when they earn.”

To bridge this gap, Candi Solar developed the Performance-Linked Instalment Sale (PLIS):

- Zero upfront cost
- Farmers own the system from day one
- Payments are linked to real system performance
- Quarterly payment options ease pressure during low-revenue months
- Candi carries all operational and performance risk

Flamand highlights an example: “A farmer’s system was completely submerged during severe flooding. Because they were on our PLIS model, we covered all repair and replacement costs. Within two weeks, the system was fully restored. Under a bank loan or self-financed setup, that downtime and financial burden would have been theirs.”

### 3. Underperforming Solar Assets

Many farmers already have solar systems in place — but not all installations perform as designed. Poor workmanship, incorrect panel placement, weak monitoring, dirty modules and outdated components can all reduce energy generation and harm profitability without farmers noticing.

Candi Solar introduced Solar Protect+ to solve this problem. It is an industry-first protection and asset-management solution that:

- Guarantees performance
- Compensates farmers for every lost kilowatt-hour
- Transfers all maintenance and risk to Candi
- Eliminates the need for farmers to manage contractors

Farmers only pay a fixed rate per kilowatt-hour generated, meaning both the farmer and Candi benefit when systems perform optimally.

For farmers with struggling systems, Candi also offers:

- **Buyout rescue:** refinancing owned systems or bank loans to put cash back into the farm
- **PPA refinancing:** replacing unreliable partners with better terms and system management

These solutions restore financial stability and ensure long-term return on investment.

### About Candi Solar

Candi Solar specialises in customised, risk-free solar solutions for commercial and industrial clients, offering end-to-end design, financing, installation, operation and performance management. Since 2018, the company has deployed more than 165 installations across South Africa and India, generating over 200 MWp and offsetting more than 190,000 tons of CO<sub>2</sub>-equivalent annually. Candi Solar’s portfolio includes well-known South African sites such as Kings Park Stadium HQ, Schneider Electric, Pick n Pay, Hi-Tech Inks, Toyota, and Bracken Timbers—where the solar system has already generated R3 million in savings in just three years. In India, notable clients include Airtel and Jindal Saw, with Candi ranked among the Top 5 rooftop developers. Backed by global investors — including Norfund, Kyuden International and STOA — Candi Solar recently secured \$38 million in equity to support 200 MW of additional projects, accelerating its mission to power a sustainable planet, one rooftop at a time.

### A Sustainable Future for South African Farms

“With Swiss engineering roots and strong local teams, Candi Solar blends international quality with deep on-the-ground understanding,” says Flamand. “Our asset intelligence and management ensure systems perform throughout their lifecycle.” Each farm receives a customised solution because no two operations are alike. “Our model is built on flexibility, not a one-size approach,” he adds. “And because Candi carries the performance risk, farmers finally have a partner — not a supplier.” Despite immense pressures, South African farmers now have access to flexible, performance-driven solar models that protect their cash flow, strengthen operational resilience, and support long-term sustainability.

# BUSHVELD BLITZ!

**Platinum Bushvelder newspaper | Thabazimbi** – The 2025 SA Rally-Raid Championship ended in spectacular fashion at the Northam Zondereinde Bushveld 400, where 20-year-old Saood Variawa and navigator Francois Cazalet steered their Toyota Gazoo Racing Hilux IMT EVO to both the Overall and Ultimate FIA T1+ titles. The Limpopo bushveld route offered everything from dry riverbeds to muddy game-farm tracks, setting the stage for a fierce final showdown between Toyota and Ford.

**TOYOTA TAKES THE CROWN**  
Variawa entered the finale just three points behind Ford's Gareth Woolridge/Boyd Dreyer. After Friday's sections, the Ford pair led — but Saturday brought disaster: a smashed windshield, cooling issues and a broken CV joint ended their championship hopes, pushing them down to sixth. Variawa kept his cool through several punctures, climbed from fourth on the road, and crossed the line in 5h28m17s to secure his first national title in only his second season. Toyota Gazoo Racing locked out the podium with Joao Ferreira/Filipe Palmeiro finishing second and Guy Botterill/Oriol Valdearcos third.

**STRONG FINISHES ACROSS THE FIELD**  
• Johan & Werner Horn claimed their third Ultimate SA T1+ win  
• Gerhard & Rudi Heinlein secured another Adventurer Class victory  
• Johan & Sean van Staden took the Adventurer Class championship  
• Challenger teams Puck Klaassen/Danie Stassen and Pim Klaassen/Gerhard Schutte impressed in the top 15  
Former champion Giniel de Villiers suffered an early rollover on Saturday and was forced to retire.  
With Dakar 2026 just weeks away, many of these crews now shift focus to the world's toughest off-road race.

## SOULFOOD

**PSALM 5: 1-3**

1 Give ear to my words, O Lord,  
Consider my meditation.  
2 Give heed to the voice of my cry,  
My King and my God,  
For to You I will pray.  
3 My voice You shall hear in the morning, O Lord;  
In the morning I will direct *it* to You,  
And I will look up.

## TWEE GEWAARDEERDE ONDERWYSERESSE NEEM AFSKEID

Laerskool Thabazimbi groet met diep waardering twee kosbare grondslagfase-onderwyseresse

**Platinum Bushvelder koerant | Thabazimbi**  
– Met dankbare, maar swaar harte neem Laerskool Thabazimbi afskeid van twee buitengewone opvoeders. Me Alta van Wyk en me Martie Minnaar het gesamentlik vir 72 jaar lank die onderwys gedien en ongeveer 2200 grondslagfaseleerders het deur hulle bekwame hande 'n stewige grondslag vir hulle toekoms verwerf.  
Na 32 jaar se toegewyde diens (24 jaar en 4 maande by Laerskool Thabazimbi) sluit me Martie Minnaar haar onderwysloopbaan af Juffrou Martie het in Augustus 2001 haar eerste tree op Laerskool Thabazimbi se skoolterrein gegee as 'n graad 4-onderwyseres.  
Kort daarna, in April 2002, het sy haar roeping vervul in die graad 3-klas, waar sy vir 13 jaar met liefde en geduld generasies van leerders gevorm het. Daarna het sy haar toegewyde werk voortgesit in die graad 2-klas, waar sy vir nóg 11 jaar jong hartjies met entoesiasme en sorg begelei het.  
Vir baie kinders was Juffrou Martie veel meer

Na 40 jaar in die onderwys roep ek vaarwel!  
Dankie vir 19 jaar by Laerskool Thabazimbi. Spesiale dank aan die hoof en personeel wat deel was van 'n goeie ondersteuningsbasis, saam met my geliefde gesin.  
Dankie aan ouers wat kinders help vorm het tot hulle volle potensiaal. Ek glo en vertrou dat die gemeenskap van Thabazimbi ons pragtige skool met hoop, geloof en vertroue sal help uitbou en ondersteun.  
Hoë hoogtes is reeds bereik. Dankie aan elke kind wat 'n verskil in my lewe gemaak het. Ek sal julle mis. Ek groet julle met trots.  
Seën en voorspoed!  
**Alta van Wyk.** ♥

as 'n onderwyseres. Sy was 'n veilige hawe, en 'n standvastige bron van lig vir leerders, ouers en kollegas. Haar nederige gees en haar liefde vir kinders het 'n groot indruk op Laerskool Thabazimbi se gemeenskap gemaak.  
Mev. Alta van Wyk sluit haar merkwaardige onderwysloopbaan af na 40 jaar (18 jaar daarvan by Laerskool Thabazimbi). Sedert 2007 ontvang juffrou Alta met liefde en warmte onseker gr R-kindertjies by Laerskool Thabazimbi se Tjokkerskoolhek.  
As 'n geliefde graad R-onderwyseres by die skool, het sy byna twee dekades lank die eerste treë van honderde kinders se skoolloopbane saam met hulle gestap — met sagtheid, geduld en 'n unieke vermoë om trane in glimlagte te verander. Haar klaskamer was 'n veilige hawe waar elke kind geliefd gevoel het en die basiese groot-en kleinmotoriese vaardighede bemeester het wat hulle voorberei het vir die "groot skool".  
Haar moederlike teenwoordigheid het die basis gebied waar hulle selfvertroue kon toeneem en waar leergierigheid gekweek is.  
Laerskool Thabazimbi sê opreg dankie vir die liefde, die lewenslesse, die vrolikheid, en die ruim harte wat hierdie twee merkwaardige dames elke dag, sonder voorbehoud, met die kinders van ons skool gedeel het. Hul nalatenskap sal nog vir baie jare in Laerskool Thabazimbi se gange en in die harte van oud-leerlinge en kollegas voortleef.

Juffrou Martie Minnaar en Juffrou Alta van Wyk by die klokkoring – 'n simboliese oomblik saam, waar hul nalatenskap nog lank in die skool se gange voort sal leef.

Juffrou Martie Minnaar – ná 24 jaar en 4 maande se onwrikbare toewyding groet sy as 'n ware pilaar van Laerskool Thabazimbi.

Juffrou Alta van Wyk – 'n liefdevolle Grondslagfase-juffrou wat vir 18 jaar die allerkleinstes met sagtheid en geduld gevorm het.

## HAVE YOUR SAY

Does the POPI Act rule — that videos or photos showing a **CRIME IN PROGRESS** may not be shared on social media — make legal sense to you?

This rule aims to protect victims' identities and prevent unlawful distribution of personal information. However, many feel it clashes with community safety and public awareness. Do you believe restricting such posts helps protect people — or does it hinder crime prevention? Vote and share your thoughts!

"Yes. Sharing videos or photos of a crime in progress can expose suspects or witnesses before they appear in court, which may compromise a fair trial and lead to legal consequences. It can also tip off criminals that they've been identified, giving them time to flee."  
**Anandri Mienie, Thabazimbi**

"No. Sharing crime-in-progress videos helps communities identify suspects, alert others, and push authorities to act. Limiting such posts slows awareness and can end up protecting offenders more than victims. The law needs balance — but a total restriction does more harm than good."  
**Jan Makinta, Regorogile, Thabazimbi**

## PUBLIC POLL: THE RESULTS ARE IN!

Does the POPI Act rule — that videos or photos showing a **CRIME IN PROGRESS** may not be shared on social media — make legal sense to you?

**NO 68% YES 32%**

## POLL

Do you think it's acceptable for children to smoke a vape?

Vaping among schoolchildren is rising sharply, with studies showing that nearly one in three Grade 12 learners now vape. While marketed as "safer than cigarettes," vapes still contain addictive nicotine and harmful chemicals. We'd love to hear your view — should vaping ever be considered acceptable for children?

Here's how you can participate. Email us at [news@platinumbushvelder.co.za](mailto:news@platinumbushvelder.co.za) or WhatsApp your response to 081 579 7000.

**Include the following:**

- **Your answer:** Yes or No
- **Why?** We want to hear from you!
- **A recent photo** – We'd love to publish your pic alongside your answer!
- **Your town/city**
- **Deadline** – Be sure to send your response before 12:00 on Monday, 1 December 2025.

**Vote results:** The outcome of the poll will be featured in our next issue. Be a part of our community's story! **P.S.:** Don't forget, you can also voice your opinion on our Facebook post about this topic. Join the conversation!

## FUN FACT

### Did you know?

When it comes to pure, blistering speed, nothing built by human hands outruns NASA's Parker Solar Probe — the fastest vehicle in history. In 2023, during a close dive past the Sun, the spacecraft reached an astonishing 635,266 km/h. At that speed, you could travel from Thabazimbi to Cape Town in less than three seconds! Designed to study the Sun's atmosphere, the probe uses gravity assists from Venus to slingshot closer and faster each year — and it's still breaking its own records. Science has never moved this fast!

## FIZZ, CLINK & CHEERS!

"POP! Fzzz..." The bubbles rise and so does the energy. Banter over bubbles was the agenda. But the fun doesn't stop once you pop, it rises – as you raise a glass to new memories with old friends! Even if morning comes too soon, you'll still have the laughter as a lasting memory! Given a choice, you'd choose it all over again. For now, visit TOPS for the finest sparkling wines to pull out all the stops and turn it up to 100!
